### Spotlight on Service Program Guide | October 2017

Hello, CNH Bees!

The Service Projects Committee hopes that you've had a swell start to school! We hope that you all are continuing to serve the community throughout the Fall time!

Since Fall Rally is coming up, many of you are probably focused on donating and doing service projects for the Pediatric Trauma Program, but please don't forget The EliMiNaTe Project! For UNICEF, it is based primarily around fundraising, so in this guide, you will find more fundraising opportunities rather than service, but do continue to serve your communities!

Have fun serving! We'll see you next month!

In the spirit of service,  
The CNH Service Projects Committee

### Background Information

Kiwanis International and UNICEF have joined forces to combat maternal and neonatal tetanus (MNT) worldwide. This historic initiative, called "The Eliminate Project," will protect the lives of babies and mothers all over the globe and will help end this cruel, centuries-old disease.

The final push to eliminate MNT requires \$110 million and the dedicated work of UNICEF and every member of the Kiwanis family.

The more than 100 million women, along with their future newborns, who will be protected through global MNT elimination efforts live in areas scarred by poverty, poor medical infrastructure or humanitarian crises. The Eliminate Project will also help pave the way for the delivery of other lifesaving services, such as clean water, nutrition and other vaccines.

#### E-lemon-ate Stand

A fun way your club can fundraise for UNICEF is to host a lemonade stand! Donate all proceeds to UNICEF and take this opportunity to raise awareness of MNT.

1. Seek school approval to hold a lemonade stand during or after school.
2. Have members and officers sign up to create and/or serve the lemonade.
3. Make enough lemonade to sell!
4. Save time by buying the powered packets.
5. Promote the stand using posters!
6. Set up your table where people pass by a lot!
