Hello, CNH Bees!

Happy August! It seemed like summer just started yesterday but in reality some of us are starting school in the next couple weeks already! Summer has come and gone by so quickly, and I hope this one was another one filled with fun and memorable moments to remember.

This may be the end to your binge watching of shows, waking up in the afternoon and random naps, but its the beginning of a new school year filled with several opportunities to serve and lead. Entering the school year, you will be more than likely bombarded with many learning material, homework, quizzes, and college apps, etc. We all know we will get stressed out and tired from all the work even at the beginning of the school year, but I know that you can do it! You made it through last year, you can make it through another year!

With the new school year approaching it is a great opportunity for member recruitment and giving incoming freshmen a taste of Key Club and Kiwanis. Don’t take the last few moments of your summer for granted, use it to your maximum potential by planning for the year and getting ready for club rush and your first meeting. I want to wish you all the best of luck for your upcoming school year and have a memorable rest of the summer!

Greetings Bees!

For many of us, August marks the end of summer. With this, means a new shift of focus back onto schoolwork and our studies, and away from Netflix marathons and getting double digits of hours of sleep. Nonetheless this is always an exciting opportunity to experience new things, make new memories and encounter new challenges with the beginning of school.

The start of school is a perfect time to begin planning and working toward building your home club to reach new achievements. It is critical we do not take these beginning, initial months in to the school year for granted as we can truly take these opportunities and begin to further our home clubs. Whether you have one week until school or have a month left, strive to work ahead before encountering the Fall time frame in which we all take on a new school workload, new extra-curriculars, and new tasks.

Remember our district goal of three new members beyond retention per club? As well as recruiting members, we should also be celebrating membership retention. Having two members return is just as important as recruiting two brand new members. Retention is critical to the continued growth and success of our organization.

I look forward to seeing all of the fantastic service to your home, schools and communities throughout this year. Remember that I am always here as a resource for any of your comments, questions and concerns. Numerous opportunities await you, BEE sure to take advantage of these and most importantly keep our motto in mind, caring-our way of life, as you move forward in the year.

Kevin Myron
District Governor

Secretary

Hello, CNH!

Summer is well on its way to coming to an end. Think about what you have accomplished so far this summer, and what there is left to do that can be done over the summer. Be sure to utilize your time effectively in order to keep making continual progress.

Although it is summer, I cannot emphasize more that Key Club is all year round. Summer can mean having a little more time for relaxation, but it should also mean more time for all of us to catch up on work we haven’t been able to do, and to also be more active and participate. Branch out and step out of your comfort zone. Attend service projects that you have not attended before, and definitely, make use of all your time and meet new people. Don’t be afraid to network with others because we are all one ohana and as a Key Club member, we uphold the four core values: caring, character building, inclusiveness, and leadership. Don’t be afraid to reach out to others and also build up courage to try something new.

Remember that every club is different so when evaluating tactics to go about something, always evaluate something from every aspect. As a member, you have the duty to question whether or not something will benefit the club and progress the club. Use your privilege of being a paid Key Club member to help move the club forward!

Lastly for Club Secretaries, make sure that you are consistently turning in your Monthly Report Form on time and accurately. If you have any questions, feel free to contact me!

In Dedicated Service,

Angel Lau
District Secretary
Hello CNH Bees!

For most of us, summer is about to wrap up, meaning that the school year is about to be underway. Whether your summer was full of service hours, new friends, or simply relaxing, I hope you all enjoyed it! Also, this is a great time to get ready to recruit plenty of new members to Key Club! At the beginning of the school year, see if you can set up a booth at school showcasing Key Club. This will really help to draw attention to our beautiful organization! One of our goals is to get three new members per cub beyond retention, with active recruitment, this can be done!

Remember, underclassmen are constantly looking for new clubs to join. Try your best to recruit these underclassmen to Key Club! Quick tip, be sure to make the first few meetings of the school year very organized. This will make new members want to stay!

Last month, I attended International Convention with a delegation of fellow CNH Bees in Atlanta, Georgia. At International Convention, aside from seeing the sites in the beautiful city of Atlanta, we had wonderful educational opportunities. With multiple workshops, all of the attendees were able to learn about a plethora of subjects to better the community they serve. Also, we were given the chance to elect our future leaders for Key Club International – be sure to congratulate them!

I wish you all luck in the beginning steps to empower Key Club at your school with new members, increased service hours, and more reasons to smile throughout the year. I cannot wait to make so many memories with all of the members of CNH throughout this school and Key Club year, it is going to be a great one!

With school starting in less than a month, California-Nevada-Hawaii club officers should prepare to advertise Key Club to their schools and get members ready to be more active. Here are five tips which will help your home club recruit more members and participate in more service opportunities within the community this term.

CREATE POSTERS & GRAPHICS
Create posters to put up around schools and graphics to post on social media like Facebook, Twitter, and Instagram groups. Members will enjoy eye-catching and colorful graphics. BEE creative!

TAKE PICTURES!
As a service organization, we want to appeal to potential members by presenting community service as an enjoyable activity. Have club historians and division tech editors take pictures at volunteer events, and use these photos in flyers, articles, and social media pages to promote future events!

MAKE A GOOGLE REFLECTOR GROUP
By creating a Google Reflector group, you can easily send out emails and inform members about upcoming events and updates. Create one by going to groups.google.com and clicking ‘create group.’

UTILIZE SOCIAL MEDIA
Social media is a great way to reach out to members and publicize various events. Create Division and Club pages on various social media apps but remember to BEE inclusive when inviting members. Advertise during club meetings and DCMs!

CREATE & DESIGN MERCHANDISE
Create and design Key Club merchandise like t-shirts and pins, which can increase spirit within Clubs and Divisions, which may encourage people to join Key Club.

A life-time opportunity to help and make a positive impact on the lives of others!

My first experience as a student facilitator was nerve racking, much like my first time at KeyLeader. But now I've facilitated two times and I can say it is an amazing experience! This role requires us to speak in front of large crowds and small groups of people - an important life skill. I am always so fond of the students in my neighborhood group, these are the attendees that make my KeyLeader experience a hundred times better. Throughout the week, you familiarize yourself with these individuals and do your best to make their experience amazing just like yours. I have the opportunity to teach students about leadership while I build my own leadership and speaking skills. My favorite part of the camp is hearing from at least one of your "neighbors" that you influenced them in some way. When we say our goodbyes I always make sure to tell them to apply for facilitator because it's a role everyone should apply for.

Mary Grace Lewis—Key Club International Vice President

Mary Grace Lewis, a member of Key Club since freshman year at Burbank High has grown into an admirable leader. This will be her fourth year serving for Key Club. Mary Grace served as the Executive Assistant on the Division Leadership Team as a sophomore and was Lieutenant Governor of D16S her junior year. Serving as Lieutenant governor, she learned a lot about herself and felt like she grew as a person. She honed her skills greatly in managing time, planning events, being efficient, while also becoming educated about a lot of outlets of service which she did not known about prior to her term. Mary Grace felt as if the position of International Vice President was, “the perfect position to utilize the skills she had developed and sharing her knowledge of service to the greater community.” Mary Grace recently came back from ICON, or International Convention which was held in Atlanta, Georgia. This was where she would hear if she received the honor of serving as the next International Vice President. When they announced that she would be serving as the International Vice President, she immediately felt screams erupting around her and she burst into tears. Mary Grace said that she, “felt a thousand emotions exploding inside of me at once, and all of the fear and tension of the past few months suddenly slid off my shoulders.”

Congratulations Mary Grace Lewis! We know you will succeed being the new International Vice President. You are a true role model to us all!

Mary Grace Lewis with her supporters and close friends, Daniel Park and Louise Panaligan.

Mary Grace Lewis is now officially part of the Key Club International Board! She is with her fellow board members for the 2016-2017 term above.
Spotlight on Key to College

By: College EXPO Coordinator, Broneka Kovarkez

On June 11th, Sacramento State held their Key to College event. Key to College is a Circle K International (CKI) program developed especially for high school students who are interested in pursuing higher education and gaining insight about college and university life, service, and leadership.

Attending Sacramento State Key to College was different this year than prior years before. Entering my senior year this upcoming August had me freaked out a little bit. Not just that, but that also means college administration applications were soon to be released and deadlines must be approaching. Nonetheless, attending Key to College it honestly educated and informed me so much from completing FAFSA, what to expect in my first year, to professor expectations. At Key to College, they also offered a panel where there were several respective colleges from all over California to answer any of the questions we had, share their experiences, challenges, as well as tips and advices. Key to College is definitely the place where you want to be if you want to learn more about your first year of college and get your unanswered questions, answered!

David Thong, Division 7 South

I attended my first Key to College as an incoming junior last year, and I felt that a lot of the information, still helpful, wasn't entirely relevant to me. As an incoming senior attending Sac State's K2C this year, I realized how vital the financial aid, stress management, and demanding expectations are to beginning a significantly less stressful and more enjoyable college experience. K2C gave me the opportunity to see college students from various backgrounds going into various fields, showing me that despite any predetermined path that my parents or myself may have established, an open-minded path is one of the most successful and fulfilling to take. Aside from the information and knowledge provided, the event also allowed us to expand our network, meeting new Key Clubbers and college students who may share very similar personal experiences and are able to answer more college or major-specific questions. Whether it was a freshman in high school or a college-bound graduate, K2C was a great stepping stone in, or in preparation for, an ideal college experience.

We planned this event by communicating with Roosevelt High School Key Club who then talked to HPD to have a pervious headcount. We waved signs for the Honolulu Police Department in promoting pedestrians to use the sidewalk and for drivers to always drive safe. We were also able to pass out pamphlets to pedestrians to educate them about road safety. This project impacted our club by warning us about road safety and how to stay safe while crossing the road.

Our club loves to work with Young Athletes Program especially for their Summer Games. Working with the young, disabled children and seeing them smile made everyone feel amazing. A lot of new members came to this project and really got to witness what Key club is all about - helping to better our community. The project was successful because everyone had a lot of fun, it went smoothly and the Young Athletes Program was grateful for all of our help.
All About Children’s Miracle Network

What is CMN? It is a non-profit organization that raises funds for children’s hospitals, medical research and community awareness of children health issues.

About them: Since 1983, Children’s Miracle Network Hospitals has raised more than $5 billion—most of it $1 at a time—for 170 children’s hospitals across the United States and Canada, which, in turn, use the money where it’s needed the most. These donations have gone to support research and training, purchase equipment and pay for uncompensated care, all to save and improve the lives of as many children as possible.

Why is CMN important?

62 Children enter a Children’s Miracle Network Hospital for treatment every minute— that’s one child every second. Some are suffering from a traumatic injury. Others require constant care because they were born too early, or with a genetic disease.

How to help?

- Provide toys and dolls for kids doing through trauma.
- Contribute to or create videos, to or book lending libraries or playrooms.
- Help staff information booths or surgery waiting rooms.
- Assist families with children who require long-term care or who live great distances from hospitals.
- Support safety campaigns or parent education programs.
- Purchase specific pieces of equipment.
- Participate during the National Pancake Day at your local IHOP by enjoying a free stack of buttermilk pancakes— and in return, give a donation. IHOP restaurants support local children’s hospitals.

All members are invited to their Region’s Training Conference this fall! This is a great opportunity for all of you to learn new skills related to your position, meet Key Clubbers from your region, and to have fun while doing so.

**What is RTC?**

- Learn valuable skills and how to better your Key Club experience

**Why is attendance important?**

Region Training Conference is important to attend because you will be able to ask Lt. Governors, District Execs, District Chairs, or District Editors about your position and attend a variety of workshops. This is also a great way to understand how to maximize your Key Club experience.

Brought to you by the Member Relations Committee
Last month, the Member Relations Committee asked the members of Cali-Nev-Ha (CNH) to share their experiences with “service in the summer”. Read to see what these busy bees have been up to during break!

President Aileen Maranan | Region 8 | Division 19 North | CAMS

“During the months of June and July we will have had served in 10 service projects! One that really stood out was ABC 7’s Feed SoCal. Here, we encouraged Albertsons shoppers to donate a bag of food to be given to the less fortunate. We cheered on those who donated, calling them SUPER STARS! Our enthusiasm and spirit were so captivating that ABC 7 personally invited us to be featured on national television!!! This was such an exciting experience for all of us, including our loving parents. As you see, the summer heat isn’t stopping us from serving any time soon!”

Treasurer Karen La | Region 9 | Division 2 | Arroyo

“Though it is quite tempting to spend all day in front of my laptop and binge watch Korean dramas, I manage to stay active in Key Club and do service in the summer. For me, summer is the perfect time to volunteer; People should have no reason to not volunteer during the Summer. While during the school year people may be too delved in their studies to take some time off for service, there should be no reason why service in the summer isn’t possible.”

Buzz buzz! I’m a CNH Bee!
Policy 184.1 Delegates

The International Nominating Conference allows only three delegates from a district to vote. The Cali-Nev-Ha District delegates shall be the Immediate Past Governor, the Governor and the District Secretary. If any of these persons do not attend the International Convention, the Governor shall confer with the Administrator as to the appropriate replacement and inform the International Office of the selection. To support a specific candidate in the Nominating Conference, the Governor shall confer with all delegates during a meeting of the entire delegation.

The International House of Delegates allows two delegates from each club registered for the convention in addition to the International delegates-at-large. The persons selected by their clubs as delegates should be sure to register as delegates at the convention and participate in the discussion at the Caucuses and House of Delegates.

No member of the District delegation shall campaign for a specific candidate not from the Cali-Nev-Ha District unless there are no candidates from this District or specific permission is given by the Governor. (1/98)

Slice 1: What is a policy?

A policy is a basic principle that guides the affairs of CNH Key Club.

What does this mean?

Only three delegates may vote in International Nominating Convention. Two delegates from each club can participate in the International House of Delegates.

You may not campaign for any candidate outside of the CNH District unless given permission by the Governor.

Why is this important?

Similar to the presidential nominating process, delegates play an important role in the Key Club International Convention election. Having a specific number of delegates will ensure an equal representation of clubs within the District to vote.

One of the reasons I choose to be LTG was to bring D18W together and closer. As few of the clubs in the division have Relay for life at their schools. I plane to bring inclusiveness to the division I serve by having members participate in different Relay for Life events. From this, it will be one step close to becoming one Ohana!

Good luck, Key Clubbers!
A Division Council Meeting (DCM) is a meeting conducted by the respective Lieutenant Governor for the members of his or her respective division. DCMs are full of information about upcoming events, education about Key Club, and much more. There is always something for everyone at a DCM!

At DCMs, you will learn more about various projects and events, get involved with the division and its people, and gain a better understanding of how great this organization truly is. You are encouraged to attend in order to learn more about what’s been happening in Key Club, and why it matters to you. Some DCMs are even combined with a service project, fundraiser, or social event so you can be there for more than one reason!
