hello cnh bees!
I hope the school year has been going smoothly for you all! The beginning of the year is an important time to establish good habits and good relationships for the remainder of the school year.

The fall season is finally here, and Fall Rally and Region Training Conference are fast approaching! Speak with your Lt. Governor for more details about those events in your area. These two events are exciting opportunities to see the scope of Key Club and meet new people from all across CNH who share your same passion for service! The fall is also the busiest time of year, so stay in touch with your board to stay on top of things.

Officers, this time is crucial for member recruitment. Be proactive with club meetings, DCMs, and club promotion to incoming freshmen and other students. Secretaries especially, be meticulous about your work with all the new members and dues so that District Secretary Margarett can accurately document the 2017-2018 term. Perform your duties, and your work will be rewarded at DCON 2018!

Speaking of all these events, remember to fundraise! Fundraise throughout the year and with diverse events in order to establish a good amount to draw from when needed. Contact District Treasurer Vivian for more details regarding how to fundraise, ideas for events, and anything else you might need.

Be sure to use your time wisely in the fall and prioritize accordingly, as things tend to accelerate in the winter. Above all, remember to take care of yourself and be mindful of your own health before anything else.

Thanks for tuning in this month!

what's buzzin' bees?

It pains me to say this but school is finally here. Another year of multiple essays, AP/IB season, and all-nighters after procrastinating homework. On the bright side, club meetings resume and the dues season has started up again! I know for me, I anticipate school because of the new and exciting feel of the start of a new term! Your club officers have been working diligently to make this year better than the last. Give them a helping hand as we transition to this new year. For example, volunteer at your school’s club rush and recruit as many new Key Clubbers as you can, especially underclassmen.

Upholding the four core values of Key Club International is more important than ever. Caring—your dedication to this organization will be tested during these next months. Paying dues, staying in Key Club even after Fall Rally, attending service events; all of these are what you should do and then some because you care about your community and Key Club International. Character building—being a leader in Key Club is one of the biggest privileges you are offered. Acting like a role model to those around you is crucial to being a model Key Club leader and a representative of this organization. Leadership—whether you are behind the scenes planning a project or leading the meeting, a leader can be found anywhere. Every member of Key Club is a leader, and you are all being regarded as the gold standard of Key Club International. Inclusiveness—one of my main goals to start accomplishing is a changed image of Key Club, I do not want Key Club to be revered as an “Asian-only” club or an exclusive group. Reach out to all people of all backgrounds and ages!

By mastering these four core values, this school year will be an awesome one! You’ll actually enjoy going to school because the Key Club where you’re at is a welcoming, exciting, and inspiring one! Good luck with your year!

hello cali-new-ha!

For those of you who have returned back to school, I hope you all had a good first week back! For those who still have a few more days before school begins, I hope you cherish every moment of your free time. With school being back in session, school work along with other responsibilities and obligations will begin to pile up. This is why I strongly encourage you to manage your time wisely in order to save time for your family, extracurriculars, and school work. Try not to get stressed out during this transition period back to school and please be sure to leave time for yourself.

Because it is the beginning of a new school year, it is the perfect time to start preparing for club rush to recruit new members! Inspire those around you to join and show them how amazing and fun Key Club can be! You can do this by simply reaching out to a freshman or even a new student at school. Start making posters to catch members’ attention! Create sign-up sheets to have new members’ contact information! It’s never too early to start getting ready for club rush and member recruitment!

Fellow seniors! I strongly urge all of you to not procrastinate these few months. With our busy schedules and college applications, it is easy to fall behind and get overwhelmed. Please make sure to take care of yourself during these few stressful months and plan proactively. I have no doubt that all of you will do a phenomenal job.

As always, feel free to contact me with any questions or just to chat! I look forward to speaking with all of you soon!

buzz buzz, cnh!
Serve-tember marks the beginning of the school year and service! Though our lives will become busy with school work and other extracurricular activities, be sure to dedicate some of your free time to serving your community!

The fall season is the prime time to recruit new Key Clubbers! Take advantage of club rush/fair, if your school hosts it, and promote the benefits of joining this organization. If you have not done so already, plan ahead to determine how the club you serve will find service events and encourage members to pay dues. One of our district goals is 43,000 dues paid members. This number may seem overwhelming now, but with proactive planning, enthusiasm, and dedication, I know that together we can achieve it!

In addition, be sure to make the most out of this year. Whether you’re entering your first year of high school or your last, it’s important that you live each day to the fullest. Strive to grow as a person, student, friend, and leader. Remember that there is always room for improvement. Push yourself to become the best version of yourself possible.

With Serve-tember here, the Membership Update Center will reopen around September 5th! Dues season is quickly approaching, so educate yourself and your board on dues collection and submission so you can ensure that the club you serve submits dues on time.

I wish you all an amazing school year! Work hard, serve your communities, and take care of yourselves! See you next month!

a word from the
international trustee

greetings, cnh key clubbers!
I can hardly believe it—it has already been a month! I have loved serving you all and can’t wait to continue to better serve our homes, schools, and communities together.

In case you haven’t seen, I distributed my first International update on the 15th of August through the CNH Google Groups email. Please reach out to me if you have any questions regarding the update. As for international business, don’t forget to encourage your clubs to apply for the Youth Opportunities Fund grant now open through October 15! YOF is a great way for clubs to earn service project scholarships. Applications for the first round of Nickelodeon’s HALO Movement open September 1 and run through December 1. Similar to YOF, HALO is also a great way for clubs to earn scholarships for service projects and even potentially be featured on television! Breakthrough applications open September 11. Don’t forget to nominate a hard-working Key Clubber for this wonderful experience which will take place on January 5-7, 2018 in both Miami, Florida and New Orleans, Louisiana.

I thoroughly enjoyed attending the CNH Summer Board Meeting on July 28-30 in Ontario. For those of you who are not on the District Board, this board is working extremely hard to make sure this is a BEE-riffic year for California-Nevada-Hawaii and Key Club International as a whole. Additionally, they are working tirelessly to make the 2018 District Convention a success. Go ahead and mark it on your calendars—you will not want to miss this year’s California-Nevada-Hawaii Key Club District Convention on April 13-15, 2018 in Reno, Nevada!

That’s all for this update! If you have any questions, please feel free to reach me via any platforms found below. Keep up the great work, CNH! You are sure making myself proud, as well as Key Club International.

The main objective of having a meeting is to inform members of upcoming events. Use this time to talk about old and new businesses. You can relay the information of upcoming events in person through word of mouth or passing out agendas with a list of service event dates. Use the meetings to get to know the members.

1. **Utilizing Social Media**

   The usage of social media is a great way to reach out to members. Create pages on Facebook, post pictures on Instagram, share a hashtag on Twitter, upload promo videos on YouTube, send out emails on Google Groups, send text reminders on Remind, and other social media platforms to publicize events.

2. **Publications**

   A newsletter is essentially a "news magazine" which provides the members you serve updates on Key Club. By creating monthly newsletters, members can read the upcoming volunteer events and save the dates. Create your publications on Pages or Photoshop!

3. **Effective Photography**

   As a service club, we want to appeal to potential members by presenting community service as an enjoyable activity. A photographer can take pictures at events and use the photos in flyers, articles, and social media platforms to promote your club.

4. **Club Meetings**

   The main objective of having a meeting is to inform members of upcoming events. Use this time to talk about old and new businesses. You can relay the information of upcoming events in person through word of mouth or passing out agendas with a list of service event dates. Use the meetings to get to know the members.

KEEPING UP WITH THE
KIWANIS

Ever wondered what other members of the Kiwanis Family are up to? Introducing an all new publication: Keeping Up with the Kiwanis! Learn more about the other branches of the Kiwanis Family, hear their stories, and discover your own K-Family moments.

MEET MRS. CAROLE FARRIS

What is your role in Kiwanis?

“In Kiwanis, I currently serve as the Lieutenant Governor for Division 18. I also serve as the Builders Club District Administrator. I am also the site coordinator for Key Leader Oakhurst and serve as the Key Leader mentor. But, my absolute most favorite role is that of Region Advisor for Regions 11 and 12 of CNH Key Club.”

What is your Kiwanis moment?

“I firmly believe that every day has the potential to have a Kiwanis moment in it. We just don’t always see it or recognize it for what it is. They are really so many to choose from, and almost everyone of those moments deal with students. I remember the first Builders Club I had the privilege of chartering. It was in a school that had a lot of challenges. Most of the students had great need. That Thanksgiving the Builders Club members were helping with the food drive at a local family resource center. The families had been chosen to receive food boxes, and the students were helping load the cars. At one point, one student's parent drove in to pick up her box. I’m not sure who was more proud: the student who exclaimed “That’s my mom!” or the parent who proudly said “That’s my boy.” That group of students also did a canned food drive at a local grocery store and ended up with more food donations and cash donations than anyone else in the district.”

Why did you join Kiwanis?

“Why did I join? I was asked! I moved from a big city (San Diego) to a small town (Hanford), and I quickly realized that if I did not become involved in something, my kids would hate their new home. So I stepped outside of my comfort zone and found a whole new world. And I’m very glad I did!”

If you could be a Key Club mascot, what would you want to be?

“Funny you should ask! Several years ago, the Kiwanis Governor at the time decided he wanted to have a spirit contest much like Key Club has. My division decided to participate, and as they tried to decide what they wanted to be, I suggested they embrace their Key Club division and become the Dancing Cows. And guess who got to wear the cow costume? There’s a picture somewhere! And by the way, we won the Spirit contest”

What makes Kiwanis so special and different in your opinion?

“I think Kiwanis is so special because it truly is a family organization. There is something for everyone. From K Kids and Builders Club to Key Club, KiWIN’s, Circle K and beyond there is something for all. Kiwanis is also the only service organization that sponsors a program for adults with disabilities - Aktion Club. As a special Olympics coach, that really speaks to my heart.”

Does pineapple belong on pizza?

“I think pizza is a beautiful canvas that can have many different colors and flavors. It’s not my call to decide whether something fits or belongs. I’m just waiting for a pizza with cupcakes on it!”

CNH Partner Hospitals

**PTP Mission**

"To develop local projects, which will reduce the number of children in our district who are killed or injured by trauma."

---

**Attention CNH Bees!**

Pediatric Trauma is the #1 killer of children age 14 and under, and studies show that 90% of the time it can be prevented!

The CNH Foundation has partnered with **SIX** different children's hospitals in **Oakland, San Diego, Loma Linda, Madera, Honolulu,** and **Reno** to target pediatric trauma within communities. Each year the CNH Foundation provides grants for educational materials, safety equipment, advanced pediatric training, and specialized medical equipment.
Fundraising for Pediatric Trauma Program

Benefits of Fundraising

The money goes towards the training of pediatric doctors, nurses, and first responders. The funds raised for this program will also help to purchase the much needed pediatric equipment. Donations designated for the Pediatric Trauma Program are spent in three major areas: grants to our partner hospitals, grants to Kiwanis, and PTP safety items.

Why Do We Fundraise?

Key Club International fundraises for Pediatric Trauma Program to benefit the children. Our mission is to develop local projects, to reduce the number of children who are killed or injured by trauma. By donating to this organization, 90% of unintentional injuries can be prevented. The purpose of the program is to educate people of children's safety to decrease the number of children who are severely injured or killed by traumatic, unintentional, and preventable injuries.

CNH PTP Goal: $190,000

Our goal for the 17-18 term is to raise $190,000 for the Pediatric Trauma Program. With your help and working as a team, all of CNH can achieve this goal together. This goal thermometer will showcase our progress to reaching our goal this year.

CNH District Kiwanis Family & Foundation Committee
Chair Jesus Aguiniga | cnhkc.kff@gmail.com
OBJECTIVE:
Provide temporary housing and support to families of seriously ill or injured children and adults being treated at the UC Davis medical center in Sacramento, CA.

HISTORY:
With the efforts of many Kiwanis club volunteers, the Kiwanis Family House was opened on July 23rd, 1984. Due to the fact that there were no accommodations available at the hospital, as well as no affordable and efficient motels and hotels nearby, there was an urgent need for temporary housing for the families of patients. When children were facing a medical crisis, families had no other option but to sleep in cars without access to bathrooms, bathing, and laundry facilities.

IMPACT:
Located on property donated by the UC Davis Medical Center, the Kiwanis Family house offers 32 bedrooms, each with shower and bathroom facilities, laundry room, kitchen and dining area, children’s game room, and an outdoor play area. The Kiwanis Family has continued to provide for families of pediatric patients by providing a safe, clean, and comfortable environment.

MY KEY CLUB JOURNEY (SO FAR)
This will be my fourth and final year in Key Club. In the past, I served as my home Club Editor, Kiwanis Family & Foundation Chair, and now as Member Relations Chair. As I shared in my fun facts, I have never been elected for any Key Club office. When I was a freshman, I was not elected for Club Vice President. When I was a sophomore, I was not elected for Division 2 Lieutenant Governor. When I was a junior, I was not elected District Governor. However through these experiences, my perspective of the impact that this organization creates has drastically changed in just three years.

This term, I am looking forward to concluding my final year in Key Club. With events like Region Training Conference and District Convention up ahead, I hope that all of you will make the most out of the education the District freely offers you to improve your leadership skills. Be sure to pay close attention to projects that the Member Relations Committee are spearheading this term!

3 FUN FACTS ABOUT ME
I. I have never been elected for any Key Club office.
II. I passed the AP World History exam during my sophomore year without taking the class.
III. I love PowerPoint presentations.
Meet your International Vice President!

Her name is Minyoung Kim and she’s helping run the largest student-led community service organization in the world, so who is she?

**Introduction!**

“Hello Cali-Nev-Ha Key Clubbers! A little bit about myself -- I served as the Georgia District Governor for the 2016-17 term. In my free time, I love to watch Netflix (a few of my favorite shows are The Flash, How to Get Away with Murder, and Sense 8), take pictures, and explore through Yelp to discover aesthetic coffee shops near me!”

**Her Experience**

“Back in freshman year, my sister was a senior, who was my ride, so wherever she went, I followed. She was the club president of my Key Club, and I followed her to the first meeting of the year. That’s how my Key Club journey began. I became heavily involved on the club level because I had new friends who made volunteering events extra exciting. Then, I attended DCON because it was located at a beautiful college town, where I could spend a whole weekend with my friends. At that DCON, I was amazed at how far Key Club expands, with district and international levels, and the impact it has on this world.”

**Her Key Club Moment**

“At ICON there were many times when I wanted everything to pause to absorb the joy I had in my heart - like when spirit battles occurred during sessions, intense moments of trading pins with a Key Clubber who lived thousands of miles away, or when Sister Sledge played and Key Clubbers, Circle-Kers, and Kiwanians were singing ~We are Family~”
Luke Gilmore helps oversee our district California Nevada Hawaii and our two sister districts, Southwest and Eastern Canada! So… what does he do?

Meet your International Trustee

What are some goals and how do you plan to accomplish these goals? Besides my platform goals of maximizing student-leadership promotion, Kiwanis family relations, and Governor’s project/ officer resource materials, one of my main goals is maximizing our sister district contact and expanding the service resources Key Club International provides. As the chair for the Committee on Service, I have helped create a service directory on the new KCI website where members can submit their most successful service projects and gain service resources. Additionally, I have created a sister district Facebook page where I hope to create a mini online service fair as a way for clubs and districts to highlight their service. Lastly, as the chair for Committee on Service I have proposed and hope to carry out a US$700,000 pledge to the Eliminate project.

1. What are your favorite foods? My favorite foods are fettuccine alfredo and chicken nuggets.

2. What is your favorite animal? My favorite animals are either dogs or cows.

3. If you could travel anywhere, where would it be? My dream is to travel to Spain (particularly Madrid or Barcelona) or Italy.

Do you have any hidden talents? Yes! I am very involved in my school’s fine arts department. I am in theatre, choir, orchestra, and debate/forensics. Additionally, I can yodel.

What is it like to be a trustee? Serving Key Club as an International Trustee has been one of the most rewarding and fulfilling experiences in life thus far. I have loved serving my districts and the members of KCI, and can’t wait for an amazing year ahead serving with the International board, the district boards, and members of this organization.

When was your Key Club moment? Thanks to my District Administrator, who is also the Kiwanis sponsor in my home club, my ‘Key Club moment’ happened freshmen year at International Convention 2015 in Indianapolis. Before my first DCON and ICON, I didn’t know much of what Key Club was, yet if I could make an impact in my own club. When I attended my first International Convention, I was mind-blown. One of the reasons was because it was the 100th Anniversary of Kiwanis International, so it was incredible to see the entire Kiwanis family join together as one big family. Additionally, the friendships I made were second to none, the amount of information I learned was overwhelming (in an incredible way), and that was where I was truly inspired to run for district and international office.
What is a bylaw and why is it important?

Every Key Club should have Club Bylaws to ensure order and organization throughout the club! The Club Bylaws are created by Key Club International and revised for each individual club to best fit their needs. Club officers should update the bylaws every year. Not only do these Bylaws assist in the governance of each individual club, but it sets a precedent for high and attainable standards and future betterment, so start checking them out today!

How do I update the bylaws?

Club Bylaws are not hard to revise and update! For a standard Club Bylaw format follow this link: http://www.keyclub.org/Libraries/Governance/club-bylaws-for-key-club_PDF.sflb.ashx. Simply rewrite these to your needs and get it signed off by a principal and advisor! Easy peasy!

Why should you update the bylaws?

Club Bylaws should be revised often to ensure that each club is meeting its goals and remaining in proper conduct. By changing and checking these Bylaws you’re making sure that your club remains in proper order and within safe parameters. It’s simple, can be done quickly.
For a month prior to the event, I worked alongside D10N EA to exchange ideas on how to make an impact on both members and our local community. We focused on Amigos De Los Rios, an organization dedicated to improving park conditions for surrounding communities to live in a greener, healthier environment. Staff helped prepare the members with gloves and shovels to reintroduce native plants back into the park, a former quarry. They taught techniques on how to space the plants apart and ensure they were given adequate water to survive the dry, rocky ground. To speed up the process, members worked in teams, alternating between digging and moistening the soil. The 45 or so members who attended planted nearly 180 black sage plants in addition to some more challenging cacti. Once the dust cleared and the event ended, each member was given a "thank you" card for coming to the event and making the community a more beautiful place. They were also rewarded handmade necklaces for completing their bonding sheets, interacting with others they would never have spoken to otherwise.
Mt. Diablo 4th of July Celebration

We were contacted by our LTG Lily Yau who informed us that there would be a fireworks show in our local community and that volunteers were needed. To execute this event, I delegated tasks to those who expressed interest in the event and set up a group chat for communication. Our club accumulated 25 hours, and the event was very memorable from the time it started, to after the event once the fireworks were complete. We look forward to participating in the event next year!

Color War for PTP

We expected around 50 members, so we planned to make around 75 packets of color powder to provide for the members. We went with the route of hand-making the color powder using corn starch and food coloring, and ended up saving at least $100 after the event occurred. The color powder was made and placed into separate plastic bags and recycled later on. Each bag was sold for $1 and all the funds went towards raising money for the Pediatric Trauma Program. 40+ members ended up showing up and they were all absolutely pleased with how this event turned out, and everyone had great, colorful fun!

D22H Water Games
Upon looking at the Service Project Guide, one of the suggestions was to host a Club or Division Olympics. The Farrington Key Club board was inspired by this and we ended up creating our own very first “Division Water Games!” We live in Hawaii and it’s scorching hot here in the summer, so we thought it would be fun to have a “refreshing” event. We prepared games and relays such as Real Life Mario Kart, Hole in the Cup, Water Balloon Relay, Fill the Cups and Water Balloon Swap. Each game was infused with difficulty, teamwork, and most importantly fun! It was great to see members from our division work together.

Kyle Constantino, Farrington Key Club (D22H)

Dog Toy Making
The goal of this project was to use old t-shirts and repurpose them into something more useful. The D44N Ninjas teamed up with the D7S Monsters to create dog toys for our local SPCA. Members who attended the DCM and Ninja-Monster Olympics were requested to bring Old t-shirts and scissors to be used for the service project following the event. Once it was time for the project to occur, D44N Service Projects Task Coordinator Alice led members from both Divisions in making the dog toys. They followed a simple step-by-step process, and by the end they had created over 30 dog toys!

“GO OUTDOORS!”
INTRODUCTION

“BEE Clean CNH!” is the 2017-2019 Governor’s Project, focusing on the environment. From cities to forests and beaches to deserts, our 3-state district has diverse landscapes that must be protected.

Each quarter the Service Projects Committee will feature clubs that have performed service projects that fall in line with “BEE Clean CNH!”. Through service focused on bettering the environment around us, the CNH District will leave our 3-state home more beautiful and healthier than ever!

GETTING INVOLVED

Want to get involved with the Governor’s Project? Just host any environment-related service event, make sure to take pictures, and mark it as a “Governor’s Project” in your club MRF! WAVING HELLO TO A CLEANER OCEAN

Being a district comprised of almost 4,500 miles of coastlines, more than 1,000 of those coastal miles coming from the Hawaiian Islands in the Pacific, you know that the Cali-Nev-Ha District loves its beaches. However, the only way that could make our beaches better is if they are clean beaches!

Each year, more than a million sea birds and mammals are killed as a result of ocean pollution. It has been estimated that 269,000 tons of trash float on the ocean surface, and that is just the tip of the iceberg. Scientists have estimated that there are 5.25 trillion pieces of garbage pollution our ocean, which is not surprising considering that there is a mass of trash the size of Texas that floats throughout the Pacific Ocean.

Now more than ever, it is important that CNH Key Clubbers take a stand to keep our beaches clean and our oceans free from trash. In the first quarter of this term, multiple clubs held beach clean ups along the coasts of California and Hawaii. It is as simple as grabbing a few trash bags, gloves, and Key Club members and heading to the beach for a day of service and fun! You can even get more involved by researching ways to prevent ocean pollution, and creating an informative presentation for your school, local youth group/organization, or Kiwanis Club.

FUN FACT:
Over 20 division mascots in CNH are sea creatures!

MAKING A SPLASH!
By partnering with organizations like Ocean Conservancy, 11,656,141 volunteers have picked up 210,519,909 pounds of trash since 1985! Feel free to work with local organizations to make a SPLASH in your community.

What is the purpose of the MRF?
The MRF is a way to track membership, service hours, and fundraising not only at the club and division level, but the district as well!

Importance of Reporting Hours
In order to reach the CNH District’s goal of 1.3 million service hours this term, it is imperative that each club reports accurate hours so that we can be sure of our progress and achievements. Every hour makes a difference; with each and every club diligently sending in hours, the district can track and achieve more service hours than ever before!

Tips and Tricks
- Don’t let the due dates sneak up on you! Work proactively to avoid stress and ensure accuracy.
- Join the CNH Secretary Google Group: https://groups.google.com/forum/?hl=en#!forum/cnh-kc-secretaries
- Most importantly, ask questions - your immediate-past secretary and lieutenant governor are there to help you!

BANANAS FOR SERVICE
Division 22 Hikina!

Hello from Division 22 Hikina!

Our division’s mascot is the mano which means shark in Hawaiian!

Living in Hawaii, we do a lot of outdoor projects like beach cleanups that involve cleaning up our beautiful island.
Wrangler Round Up was an amazing experience! At this event, incoming freshmen came to West Tech to get their schedules, visit clubs, and explore the campus. There were so many new bright faces who were enthusiastic about joining Key Club! Members worked very hard by talking to the freshmen and also doing a couple of cheers. By the end of the event, we were able to recruit over 50 new freshmen to our club. With such amazing smiles and love for volunteering, these new Key Clubbers will have a great impact on our club!
On Saturday, August 5th, Division 13 South Ninjas volunteered at the Wet N’ Wild 5k, a marathon annually held in La Mirada, California. The purpose of the event was to support Strong Tower Ministries, an organization whose mission is to help feed, clothe, educate, and rescue destitute children living in California and Mexico. Ninjas assisted those who had arranged the event in such ways as setting up water stations, handing out water to runners, and picking up trash left behind by the marathoners.

“Music in the Glen was possibly one of the most fun service events I have volunteered at. It is a really fun community event that I have gone to in the past. This event takes place almost every Thursday during summer and it allowed us to bond more with our board and club members, as well as our Kiwanis! We helped set-up and clean-up the event and serve different foods to the people there. It was a fun way to get a lot of hours!”

**PCH BEACH CLEAN-UP**  
*Ian Berndt, Marina, D04W*

On July 17, D04W volunteered at our local city beach to help clean up the trash there. As we arrived, the company, Visit Huntington Beach, was set up with shirts to give out, water, trash bags, and extra sunscreen. One of the officers from Visit Huntington Beach explained to us how all this trash accumulated, as well as how we should go about picking it up. Recent bonfire parties, people spending time at the beach, and the extreme coastal winds, have all had a part in the accumulation of the trash. After our meeting, we got straight to work and started picking up as much trash as we could. We shared stories, laughs ... and trash, as we walked along the path soon encountering more volunteers and helping them. After about an hour and a half, we all met back at the company’s spot to see how much trash we collected. As a group, we collected about 60 pounds of trash! We didn’t expect such high of a number. Overall, this event was very successful. Visit Huntington Beach is doing this every Monday until the end of the summer, so if you are looking to volunteer, come on down and help them out!

**JULY DCM**  
*Rachel Dang, Antelope, D44N*

On July 16th members of Antelope Key Club joined the rest of D44N Ninjas in a joint division council meeting with the D7S Monsters at Ancil Hoffman Park. With the help of some games our two divisions broke the ice and grew more comfortable with each other. Afterwards each division held their own separate DCMs, during which Antelope Key Club presented our plans and volunteer events of the month. Then the two divisions rejoined for fresh pizza and the first ever Ninja-Monster Olympics, in total a great bonding experience!
vision partner

**Nickelodeon** joined the Kiwanis family as a 2013 Vision Partner of Kiwanis International with a focus on its Big Help initiative, which addresses issues in service, education, the environment and health.

co-sponsor

**Rustic Pathways** has 30 years of experience leading exceptional service programs for students. Recognizing our shared values, Rustic Pathways has partnered with Key Club to provide its members with the opportunity to broaden their global perspective while performing meaningful service projects around the world.

service partners

**Children’s Miracle Network Hospitals** sponsors Key Club fundraising events. Key Club members also participate in service projects at their local children’s hospital.

Key Club has partnered with the **March of Dimes** for decades to give every baby a healthy start. Key Club members raise thousands of dollars annually through various programs.

Since 1994, Key Club has been Trick-or-Treating for **UNICEF** and over the years has raised nearly $5 million for iodine deficiency programs worldwide and HIV and AIDS programs in Kenya and Swaziland. Now it’s helping The Eliminate Project.

Since 2014 Key Club International has been partnering with the **Thirst Project** during the Month of March to participate in the “Dirty Little Secret” campaign. 748 Million people on our planet do not have access to safe, clean drinking water. Key Club members fill up a water bottle with dirty water and carry the bottle around all month. When people ask why, Key Club members share the secret.
First of all, congratulations! Being chosen for this recognition is truly an honor, and you should be excited! I, as well as everyone on the district board, am extremely proud of you and grateful for your service. It is because of people like you that our district is so successful. It is important to remember that although Key Club is not about the recognition but about the service, recognition does play a role in our district, something that myself and the committee I serve make sure of. Again, congratulations and remember to keep on striving to do your best!

What is a division council meeting?

A Division Council Meeting (DCM) is a meeting conducted by the respective Lieutenant Governor for the members of his or her respective division. DCMs are full of information about upcoming events, education about Key Club, and much more. There is always something for everyone at a DCM! At DCMs, you will learn more about various projects and events, get involved with the division and its people, and gain a better understanding of how great this organization truly is. You are encouraged to attend in order to learn more about what’s been happening in Key Club, and why it matters to you. Some DCMs are even combined with a service project, fundraiser, or social event so you can be there for more than one reason!
