

JUNE SHOWCASE

Term: 2011-2012 Respectfully Submitted by CNH District Technology Editor: Elijah Kang

Each Lt. Governor is provided the opportunity to showcase up to two clubs each month. These are either written by the club secretary completing their respective club report or by the Lt. Governor on the club's behalf. If you do not see your division posted, then the Lt. Governor did not select any clubs to showcase for this month OR Lt. Governor did not meet the Division Report submission deadline for this month.

Division **2** Region **9** Submitted by LTG **Rita Phang**

Castro Valley

During this month, we did three projects. We weren't able to do too many projects because 1) the first three weeks of June were the last weeks of school (which meant that everyone was studying for finals) and 2) summer vacation started, so we wanted to give people a little break before we jumped back on track. The fundraisers for our club were great. We raised a total of \$439.45, all of which will be going to our "Relay For Life" event in mid-July. Members who participated in the car wash had fun cleaning cars and soaking themselves in the nice June weather. We also had a social meeting the day after school ended (June 17th) at Lake Chabot. All members had a lot of fun eating, hanging around, boating, anning, and playing frisbee on the grass. We had an OTC on June 20th, and also a banquet on June 4th. Overall, this month was great!

Oakland Tech

Since it was summer, our key clubbers were not as active as usual. After the officer training conference, our officers decided to step up our game. On June 27th we held a board meeting and it was quite successful. We planned future services for our keyclubbers to attend. The upcoming events for next month is filled for almost every weekend! We can't wait!

Division **3** Region **7** Submitted by LTG **Eric Cho**

Crescenta Valley High School

Ahhh, it's June. Finally June. Besides the bipolar weather and June gloom we get every now and then, the sweet smell of summer fills the air. We hit June with a BANG and CV Key Club joined the rest of Division 3 in pulling an all nighter to help raise money for Japan. Those unlucky souls who could not stay awake all night woke up to an unpleasant surprise of newly grown facial hair and other random doodles on their face. There were so many people that our key clubbers met and Awake-A-Thon was definitely a weekend to remember with great food, great vibes, and great company. Another divisional event was the D3 banquet. Key Clubbers from all over our division had fun cheering, performing and dancing all in the same room! We had to say goodbye to our now IP LTG and bring in our new LTG, Eric Cho. The new officers were installed and are now officially officers! For Crescenta Valley, summer has just begun and our officers will make sure that we keep events going throughout the summer. Our officers have started to "click" and friendships have developed, especially from going to banquet performance practices and having fun at different events. Our officer of the month was Corliss Kanazawa, the technology chair/webmaster. She has always been great at updating events and keeping everyone well informed. In addition to our dedicated officers, our club would not be able to function without dedicated members! This is where Cindy Ye steps in. She has helped our club to flourish throughout the year with her hard work, humbleness and smile. The many friendships that have been created this month bind CV key club together. Not only have we built friendships within our school, but with other schools in our division as well. We will work together to "build our homes, schools, and communities and combat all forces which tend to undermine these institutions."

Herbert Hoover High School

Hello there, Key Clubbers! June was surely a busy month for us. We started our month off with the Awake-a-Thon! It was a fun yet tiring experience, but it was all for Japan. We enjoyed bonding together as a division and even made new friends. It was pretty much a win-win! Our club has been working on a regular and on-going service project and has been looking into a convalescent home. We visited one and finally started to get the paperwork and training going. We are excited to start and ready to help out. A big thanks to Jeannie Mai for organizing and pushing this project to full effect. This month, our school had a classical choir concert, and we found that to be another big opportunity to fundraise! We decided to sell baked goods to the guests. The food was either made at home or donated by club members. We raised \$77.50 just from that! Another potential on-going project that we are working on is helping out at the homeless shelter. Some of our members tried it out and served food for the homeless. To end the school year, we decided to have a pizza party at our president, Diana's, house. It was a fun way to bond and make sure that our contact won't go missing during the summer vacation. Last but not least, the D3 banquet was held this month! Although I couldn't make it (sad face), I've heard from everyone who went that they had a blast. It totally made me jealous. Ugh. But that's alright (x That's all for this month!

Division **04E** Region **3** Submitted by LTG **Brian Lai**

Beckman

As summer began for most goldfishes this past month, we still had new and exciting service opportunities available. For example, working with the Native Seed Farm Maintenance program to help maintain as well as harvest seeds on our native plant farm at Orchard Hills for harvest in 2011. Ultimately, restoring habitat within the Irvine Ranch Natural Landmarks & conserving our beautiful California wilderness. The Native Seed Farm Maintenance service project was held a day after Beckman High School was released for summer, yet we had an amazing turn out with 10 incredible motivated key clubbers beautifying our area- Irvine. Also, to celebrate the achievements this past 10-11 Key Club year, we had our annual Divisional Banquet with a fun quirky theme: The Academy Awards - Goldfishes Edition! Making memories, awarding the exceeders & achievers, and concluding with a dance. For future projects D4E plans to have a Free Car Wash on July 9th concluding with the monthly DCM! Summer started but our goldfishes are pumped up more then ever to give back to our communities with some sun time, of course!

Villa Park

Villa Park HS Key Club has once again been restarted after the previous board had dissipated after abuse of power and lack of responsibility. As a result, key club elections were held and on the 5th a new board was chosen and established, and thus VPHS was once again able to participate in Key club activities. Since membership is at an all time low of 0 members, we have only been able to hold general board meetings in which the new board was announced and the meeting time and place of the board meetings would take place. Also, our club president, which is the most informed, explained to us the important events such as OTC and RTC as well as the events for the month of June. VPHS is also happy to report that their participation in the Canyon movie event was successful since the majority of board members and several nonmembers were able to go and socialize and establish relations with the Canyon board and their students/ members as well. A week later on the 15th, a bonding session was established at the president's house in which members were given an opportunity to socialize and play games and establish relations as friends and workers. June DCM was also successful because of record showings since the last two years (I think) 5 members including myself were present and were informed of upcoming events and were able to participate in the water balloon/ water activities that had been plan for that day. Also VPHS was present at the end f the year banquet, which was a really enjoyable and different experience, and VPHS won the award of New Club and will hopefully be able to win more awards. The final event for the month of June was the on the 27th in which Mr. Golden the Kiwanis advisor wanted us to meet with him and establish relations and inform us of what was required of our participation in events and projects. He brought us up to date and gave us a much needed push in the right direction and opened a door to another aid in case of trouble.

Key Club of Westminster High School

Westminster Key Club has seen numerous amounts of improvements within the past few months since DCON. The communication between the President and the Lieutenant Governor has been strong and is looking to be that way until the end of the term. The president and officer's strive for improvement and change in their club proves to be a recognizable. Their efforts to this cause is what will make them stronger than the past years for their club. When they aren't sure about something, they are actively communicating with the Lieutenant Governor whether in need of help or ideas to help improve the club. The club also looks for ways to maintain a healthy relationship with their local Kiwanis. Even though hours for this club wasn't as great as it could be this month, they are showing great change. I believe that their drive for success of their club pushes them to constantly always try and make their club better. It is with no doubt that I believe this club will become one of the strongest clubs in the future years to come. I hope that they continue their love for service and will look more to constantly improving themselves as people and citizens of the world.

Segerstrom Fundamental High School

June wrapped up the last events of the school year. Most of our board enjoyed making paper lanterns together at the DCM. We heard Taylor introduce her new divisional board, which included our very own Wilbur Nguyen. Segerstrom is proud to have gotten an award this year at this monthly meeting. During the 2 days of Summerfest, our club members gladly interacted with other people in the division at Miles Square Park's Recreation Center. After our second day of community service at the park, we said our final goodbyes to the seniors in the club and on board during the club banquet at T.G.I. Fridays. A few seniors and some current club members also attended the divisional banquet and dance. Towards the end of the month, 5 of our members (mostly vice presidents and our president) participated in the divisional car wash. Overall, Segerstrom's Key Club had a productive month since most of our board was able to be apart of the events.

Fountain Valley High School

Over this month of June, our club has and will go through several changes. First off, with all the seniors leaving, we'll be losing the base of our club. They made up our large numbers and great spirit. However, even though they're leaving us, we are prepared. A majority of our board attended our Kiwanis Family Training Day to learn how to improve ourselves and to smooth out our rough edges. We learned about all the details of each of our specific jobs that we may or may not have been aware of before. This will really help our club in the future because it seemed to us, that we have a lot of potential to improve, but that can only happen with hard work. Our club wants to spend the upcoming summer to rebuild and establish better relationships with our other divisional clubs and advisors. This month we also attended the Division 4 West banquet, which was quite an experience because it closure for the immediate past board, and to celebrate their achievements. Rewards our club brought home were the Secretary of the Year for Tina Nguyen and Club of the Year. Overall this past month, we've seen that as members get busier and busier with other summer projects, they attend fewer events. However, our club plans on boosting moral with more active appreciation of members. Hopefully in the future, we get to participate in more service events during the month of July so that we can show members what Key Club is all about. Also, this month, our board has collaborated with Mater Dei's board to plan a fundraiser dance. It has taken a lot of time and work from both clubs and which will hopefully amount to success. Within the near future, we also would like to establish ourselves more as an independent board by purchasing our own domain for our club website, which is already up and running. Since this month was full of events that worked with other divisional clubs, we're gotten to know them more and we hope that this will help us in the near future.

Clovis West High School

There was a lot of things going on this month. We got to share good experiences with our Kiwanis family by getting to know them through lunch and then also attending their DCM on June 21, we got to bould a stronger relationship with them. We helped out our Kiwanis Family by volunteering at the Fireworks Stand. This event was held to support and help the Kiwanis family. This month there was also a lot of meetings to help prepare us for 2011-2012 school year for Key Club. Our OTC on June 18 was very successful. Each officer took back valuable information to our home club and shared the ideas so we can prepare ourselves for the upcoming year. Also to prepare thier was a Officers Meeting held to discuss our plans for the upcoming year. We talked about how to recruit and keep new key club members and how to make meeting move and be fun! Also, a car wash was held to help raise money for our club. We raised \$57 and plan on having more car washes for the club and also UNICEF. One service project that our club attended was The Father's Day Marathon. At this event we helped control traffic and guided the runners. This year's Key Club is off to a very good start!

Paloma Valley High School

Even with the few weeks we had left of school, our club managed to squeeze in one more meeting to talk about our summer plans as a Key Club Family. With finals & the last days of school we set ourselves up for next year with organization and communication within our board and especially our members :) It was a great year for us and we plan to even better the next with the ideas of: starting up a Key Club at the surrounding middle schools in our area, helping out more at the Community Cupboard, beach clean ups, blood drives and just a lot more service projects! Unexpectedly, we sadly found out that our Key Club Faculty Advisor Mr. Fred Twyman passed away on June 15th. We were absolutely devastated, but we found hope into taking part in his Memorial Service at our school. We created bunches of balloons as ways to figuratively represent our love & memories for him and sent them off into the sky. It was a lovely experience, unforgettable and uplifting moment to whom attended. Fred Twyman was a comedic guy and made every moment fun, he will be missed so much, our Club will definitely grow from our lost to better our services towards the community even more! He is our fullest inspiration now <3

West Campus

In the month of June, because we only had one meeting in the month, club participation has weakened, especially when summer hit. Luckily, with Pops in the Park, we were able to guarantee a consistent rate of club volunteers. Unfortunately, most of the volunteers are officers. To encourage more participation, we have made accessible events on the West Campus Key Club home page. Also, a substantial group showed up at the End of Year Banquet, which turned out to be a great success! It's reassuring to know that each and every of our members cares for this club. Finally, the DCM turned out not to have a successful turnout from our club. Hopefully, when our students become more used to the feeling of summer, they will be more willing to come out and volunteer! Our president will keep posting and updating our website with new events.

C. K. McClatchy

The month of June was another exciting month! It was the last meeting for C.K.McClatchy Key Club before summer started! Summer Alumnae Party at St. John's Shelter Program with 12 members volunteering for 4 hours shift! KFH Cache Creek Casion with 4 members volunteering for 5 hours each! 3 Fundraisers for Key Club! Our first ones! International Day Fundraiser, selling egg rolls, chow mein, and fried rice! Made 165.50 dollars! Key Club Popsicle Sale, selling offer pops and ice cream sandwiches! Not a lot of profit, but made 39.00 dollars! Our first car wash for the summer, making 294.00 dollars with only 4 officers, 6 members, and 1 non-member helping out! Made 294.00 dollars! Great month for our Key Club! Earn money to put in our bank to decide upon how much we shall use on district projects! Two board meetings this month. Made signs for fundraiser and thought about the Halloween Carnival we're planning to have in October!

Franklin Key Club

This month, we finally recycled weeks worth of hard work in crumpling and emptying bottles and cans. We received \$230.18 for all our recyclables. We plan to use this money to fund our Ice Cream Social in August. Our members also attended a lot of events this month, such as the Live United Toilet Paper drive where over 100,000 rolls of toilet paper were collected to aid non profit organizations. They attended a lot of walk/runs such as the 5k Foot Pursuit and the Run 4 Independence where they assisted in the water stations and directed and cheered runners on. Members also attended the Sacramento Zoo's Dream Night which focuses on our district's project: Project S.H.I.N.E. Here, Key Clubbers assisted in arts and crafts, ran games, and passed out ice cream. We had many events this month with our fellow Kiwanians, such as the Kiwanis Fireworks Booth and the Kiwanis Family House Cache Creek Casino Special Event. It was fun working alongside our Kiwanians and we got to meet other people in our K family. Our problem of low member attendance in events was solved by lots of Facebook posts about upcoming events and asking members personally if they could attend. Although the number of members going to events increased a lot more than last month, it is still not as high as we hoped. We have planned a Pinkberry Fundraiser for July 2nd. We hope a lot of people come and eat frozen yogurt on this hot summer day.

Elk Grove Key Club

Elk Grove Key Club has been very busy lately. We are busy planning our 2nd Annual Water Dodge Balloon Extravaganza which is on July 8th. We still have so much to do, but we are doing as much as possible to make our event successful. We figured out what type of water balloons to buy because we experimented what type of water balloons are biodegradable. Now we're planning to fill up water balloons at each other's houses within the board members. We hope that our event becomes successful. Our service events for this month were hectic. Each service event was filled with helping participants in races. In the Triathlon Weekend at Rancho Seco, volunteers helped the triathletes in the registration process and passing out snacks after. On day one for Run 4 Independence in Elk Grove Park, volunteers had to set up the booths accordingly to the people in charge. They had to set up the tables, chairs, and place the water cases in one area for the day of the race. On day two, the volunteers helped the runners with registration and cleaned up the park after the run was over. Future events that Elk Grove Key Club has in store is the WMA Championships on July 9th. We are buddyclubbing with Laguna Creek Key Club. Another event we're looking forward is Eppie's Great Race. This event seems exciting since we're going to be more spread out and bonding with other clubs in this event. We are hoping to attract more members and to get more people involved in our service events and key club itself.

Vintage

This month was not a very active month for our club with it being the first month of summer vacation, but the few events we had were definitely very fun ones, between installation and the DCM/OTC. The installation event we had involved our past club officers as well as the current officers for Vintage and also those of American Canyon High School. We had a potluck and games to commemorate the transition from last Key Club year to this Key Club year, and it was very fun for everyone, especially the water balloon games and the pie-ing of the new officers! This month was also the OTC, where I made the Secretary presentation. It went well and I was able to meet my fellow club secretaries, who were all very nice and funny. Also at the OTC/DCM we received Club of the Month for our work in May, which was a good surprise for us! At the DCM we learned about the upcoming Divisional Banquet at Larry's House, which our club is very excited about. We are looking forward to that in July!

Rodriguez

Our last general meeting this month before school ended was on the 14th, we gave Seniors our handmade gifts and talked about how much we appreciated them. I will definitely miss them because some of them are our most dedicated members. However, even though they graduated, they still attend some of the Key Club events this month such as Officer Training Conference and our Club Car wash. At the Officer Training Conference, we were given a certificate for club of the month and one of our members was given member of the month. We also were given a special handmade sticker from our LTG.

South Pasadena

This month, our Key Clubbers worked each event diligently. At the Pasadena Chalk Festival, everyone worked very hard to make sure the artist registration process went by quicker. At the Baccalaureate and Senior Awards Night, SP Key Clubbers served the seniors and their families and wished them success in their lives after high school.

Temple City

This month was filled with last minute opportunities to fundraise as we had our last club meeting of the year with our fellow Ninja Turtles. There was much to wrap up such as our Club Banquet on Sunday, June 5. The banquet was held at our IP President Bella Chu's house as all the members played a fun game of Mafia, feasted upon ravioli, chicken, riceballs, and much more. There were many awards given out to dedicated members such as "Member of the Year" but also funny awards too such as the "Boy Crazy" award. We all shared our last moments with our fellow seniors and heard heart-felt speeches that left many of us teary-eyed and/or speechless. A slideshow was provided that reflected just how much progress and outstanding work our club has done over the year and we know we will do even better for the next! Our night ended with a bonfire and smores and the motivation to make this incoming year the best Ninja Turtle year ever! Our DCM was held on Saturday, June 25 at Garfield Park (hosted by South Pasadena). We also had our OTC later that day at the same location at 2:30pm and it lasted until 4:30pm. There were many valuable workshops and great tips given from participating officers and hopefully this will encourage our members to be more active and improve to be great turtles! Many thanks to our LTG for putting this all together and having everyone cooperate to make this a great learning environment. We also donated roughly 30-35 books to Books for People and on Tuesday, June 28 three officers attended a Kiwanis meeting at Bahookas for a nice lunch and also to get to know the other Kiwanis. This meeting also had a speaker, Lynn Rabin, come and talk to everyone about her Senior to Senior program. This is a program where Ms. Rabin is an instructor who teaches the elderly how to utilize their computers if they have trouble and can not make the computer function properly the way desired.

Schurr

Our club kicked off this month with a meeting on June 1 and encouraged members to attend Relay For Life on the coming Saturday (June 4). Although it conflicted with SAT testing and College Bound mentor meetings, 17 members attended this event. Those who went each donated at least \$5 to the cause. Students had fun running miles, eating snacks and bonding with adults. Although we were supposed to conclude the Pennies for Patients fundraiser on June 6, we rescheduled due to time conflicts and collected the boxes on June 10. Our school raised \$822.68, and we awarded the top three class donaters with pizza/ice cream parties. Our last night meeting (June 15) introduced summer Key Club, and despite the smaller crowd, we conducted a successful meeting and played ice breakers to get members moving. Our members traveled to the Pasadena Ice Skating Rink on June 18 to go to a division social to raise money for PTP. As the school year concluded, our service projects dwindled, but we plan to participate in many July events to continuing raising money for PTP, including the Ping Pong for PTP/Summer Key BBQ and Car Wash for PTP. We will attend the Eaton Canyon Hiking Social to bond with our division and gain leadership skills. Our club also has plans to go to the annual Regional Beach Cleanup and D10S Olympics/July DCM later in July.

Wilson

This month Wilson Key Club has attended Bottle Drives where we go around the school finding bottle and cans to recycle. We also did tittle one babysitting where we baby sat young children while their parents are in a monthly meeting. We also volunteered in a chalk festival where we did errands for the drawers and the tardeara festival where we set up the equipment. in the senior night awards ceremony we helped set up and handed out water and food.

Division **11** Region **1** Submitted by LTG **Alex Hoffman**

San Diego High School

During the month of June our Key Clubbers got the opportunity to learn about responsibility and commitment by selling See's Candy for the Pediatric Prevention Program even after the summer had initiated. It was a big responsibility because a lot of money was at stake however, our San Diego High Key Club raised over what was expected from us. Furthermore, there had been a lot of recognition of our Key Club members because in our last meeting some of our members, (mainly officers) got recognized with certificates and a special lunch. In addition, there had been a Father's Day Walk in which our Lieutenant Governor had the opportunity to attend and sell See's Candy. Our Lieutenant Governor also had the opportunity to attend ICON and from his viewpoint he enjoyed the trip and would like to go again the next year. Our club is eagerly waiting for July because there will be an Officers Training Conference which should be interesting.

Montgomery High School

This month we had our dedicated Key Clubbers attend our weekly St. Vincent de Paul, our monthly DCM, Kiwanis day at Petco Park, our Regional Banquet, which was an Ice Cream Social, and KOZ. A couple of our club members recently participated in this year's ICON event; which was a very memorable experience for those who attended. We also have been selling See's candies to help raise funds for PTP. Also, the officers had a board meeting during our Summer Vacation discussing about the upcoming events and some possible ideas for Service projects.

Division **12E** Region **17** Submitted by LTG **Annie Gu**

American High School

Nearing Gala Night on Friday, June 10th, all of the club officers were – no doubt – really stressed out. However, we were able to channel all of our worries and nervousness into energy and excitement for the upcoming night – which turned out to be very successful (for the most part) and extremely fun, with tons of great performances. The only thing that prevented the night from being perfect was how fast the food ran out. In fact, some members of the audience and waiters did not even get a chance to eat certain foods because we ran out too quickly. Most of us were still not full yet. In the end, we even ran out of water! Thankfully, the awesome performances and chances to socialize were enough to put that hunger on a standstill. Next year, we will definitely be ultra-prepared to make Gala Night the best it will ever be! Also, besides Gala Night, this month, American submitted their first newsletter articles for July to Monica, the Division Newsletter Editor, written by secretary Agnes Chung. Specifically, there is one officer that needs to be noticed – that is vice president Priscilla Tang. She was a vital part to the success of Gala Night, and continues to play a dominant role in the growing success of American High School's Key Club. Although we could not do without her, we also definitely could not do without all of our fellow officers, performers, volunteer waiters, advisors, and people who bought the tickets! In the end, we were able to donate over half a thousand dollars to the Japan tsunami earthquake relief fund! :)

Division **12S** Region **17** Submitted by LTG **Tianna Nguy**

Leland Key Club

Since we are currently on summer break, our club has not been very active during the past month. We had several service projects such as Relay for Life and Sunday Friends. Our club has decided to hold our carwash on August 13th at the Country Club Auto Gas Station (time TBD). We have not started advertising because the ERF has not been approved/completed yet since we have been having some difficulties with communication between our school bank and our advisor regarding the carwash. However, all of us are crossing our fingers and doing our best to work towards making it happen!

Division **13N** Region **8** Submitted by LTG **Julie Nguyen**

Cerritos

For the month of June, Cerritos Key Club mainly focused with our joint event with Lakewood High School. Having continuous communication with their president, we were able to have a very successful event turn out. Despite of the struggles that we faced trying to find an adviser for our club and our limitations to have volunteer events, we volunteered at Cerritos Performing Arts center where volunteers worked at stations that helped young children showcase their musical talents or at booths that taught them how to make sock puppets and other arts and crafts. Cerritos High School was able to fulfill our school year club requirements volunteer points by the first semester conducting over 20 volunteer events. Seniors were able to receive their Key Club stoles and were proudly able to wear it during their graduation. We are not currently in the process of starting the club once again, conducting interviews for our appointed officers, and will soon announce our new officers at our Division Bonfire.

Huntington Park

Huntington Park key Club achievements from this month would be Relay for Life because some of our members had the wonderful experience of sleeping over and raising money for cancer. After collecting \$500.00 for two months our key clubbers tried their best to raise that money. Relay for Life was a experience were some of the key clubbers walked around the track in the at night and even the key clubbers parents walked too. Another of are exciting event that we had was are Annual Key Club Banquet because we recognized some of are key clubbers that were very active in are club and those key clubbers and there parents there to show that they servie there community. We also had some of are kiwanis come to are banquet. All of Key clubbers had a amazing day and we even dot to recognize the nwe board. This month was a great month that are key clubbers will never forget.

Division **13S** Region **8** Submitted by LTG **Mark Rayos**

Mayfair

This month our club won the SASS Award and Mark Rayos, last year's president, was given the Bellflower Sponsor Award during our Divisional Banquet. Our Member of the Year award was given to Mahrjude Medina as well. We are also planning an event to get together with Bellflower HS's KEY Club sometime this summer. We've participated in Relay for Life, alongside other Key Clubs in our division, and helped raised more than \$100 for cancer awareness. We have helped make blankets for homeless individuals residing in Los Angeles too.

Bellflower

This club hosted this month's DCM. They also brought the most members and their president, Jasmine Fuentes also chaired it, handling the wristbands, paperwork, and sales that enabled us to be able to be active in the event. They also came up with one of the better cheers for the division to use at Fall Rally.

Division **15** Region **13** Submitted by LTG **Jocelyn Sy**

Rancho Cucamonga

The summer has just begun but there is not time for rest. Our biggest club event is our Car Wash that raised exactly two hundred dollars. Although it was summer time, members gladly participated and we are proud to say it was a success. A few days later came the division's banquet and that, too, was a memorable experience. Members, old and new, came together, from all fourteen clubs in our division to mark the end of last year's officers' terms and begin the next year's team. We are all hoping for a fruitful year to come!

Upland

This month marked an end to our school year and a beginning to our summer events. The month started off with a summer board meeting to help out the new officers and plan the upcoming year. We also helped out with the community Chile cook off which is organized by the local Kiwanis club. The event was spectacular. Residents from all over the city came to taste the delicious chile. We also helped serve ice cream after everyone enjoyed their dinner.

Division **16** Region **7** Submitted by LTG **JaeMin Kim**

John Burroughs

Although June was the first full month of summer vacation for the John Burroughs High School Key Clubbers, the dedication to Key Club and to the community didn't cease. At the beginning of the month, officers attended a breakfast at DeBell Golf Course with Kiwanis to discuss possible service project opportunities. And at the end of the month, many members attended Project Greenlight, an event to help those affected by down syndrome. Furthermore, the officers are continuously in contact in order to discuss ways to further improve our school's club.

Burbank

This month started off with a lot of re-organizing and cleaning up as our school ended at the end of May, which included projects such as cleaning our advisors room and helping the library take inventory and organizing the books. We helped other organizations such as Family Promise and the Southern California Genealogical Society with their annual events. In June Key Clubbers got a chance with kids as they helped at Little League and Greenlight Tennis Foundation. At Greenlight many Key Clubbers were re-united with their buddies from last year. At this even Key Clubbers are paired with a buddy who has down syndrome and helps that partner play different tennis activities. This one of the most memorable projects of the year as Key Clubbers make a bond with their buddies. We saw a lot of our executive board members step up for the first time, such as Faith Respicio and Anna Shamirian.

Division **19S** Region **8** Submitted by LTG **Ramon Esquivel**

Narbonne Key Club

June felt quiet short but our club was still active. Although we had only one general meeting this month, I'm glad to say that our events pulled through. We had board meetings every week on Wednesdays and that's how we managed to keep everyone informed. Our Class representatives were well in task and information circulated through the club with a breeze. Our member for this month, is Grace Arce, an incoming junior with 20 hours. We had our annual Spring banquet and it was a success it was held at Ports O' Call from 6pm through 12am, June 17th, 2011. It was indeed a memorable night for everyone, especially for the retiring seniors in our club. As for the events, our school held June fest on the 5th of June. This event was an opportunity for extracurricular activities in school to fundraise for their clubs. Our club decided to sell kimbaps (Korean sushi) and Ebleskivers (pancake Balls) and it was another success. We prepared ingredients a day before to keep things in hand on the day of June fest. Some members of our club also helped out at the Sister City Spaghetti Dinner, which was held in Lomita Park to help Japan. Towards the end of the School year, our club also volunteered to help of our high school graduation on June 23, 2011. Our members helped set up before the graduation and handed out pamphlets during the ceremony. Looking ahead, our board members are working on future events such as our membership drive over the summer. We planned on having a bonfire on July 9th, 2011 from 5pm-9pm in Cabrillo beach. We have done this the previous year and the results turned out great. We figured that this is a good way to welcome students that are interested in joining Key Club. This is also where we hand out applications and we will have least, our interviews soon after, to be announced. Our Board members are still keeping in touch with each other in order to keep information organized. We will have a board meetings every week to keep information fresh. We also agreed that we will be having general meetings during the 2nd and 4th Fridays of the month to keep our members informed. Last but not we are also planning projects that will target children (I.E Alez's Lemonade Stand.) As always, I'm confident to say that I am looking forward to the month of July. I believe that our members will stay active over the summer and I am looking forward to new members that are to join.

Carson Key Club

In June, the school year was coming to an end and many members are busy with studying for their finals and completing several last minute projects but that did not stop them from being an active member in Carson Key Club. First off, our new board and old board both attended the Carson Kiwanis meeting on June 1st. The new board got to meet the Kiwanis members that are supporting Carson Key Club and as well learn the different projects that the Kiwanis are also involved in around the community. On the other hand the old board got to bid their good byes in hopes that they will still continue their service at either Circle K or joining the local Kiwanis. As the fundraiser for the month and probably the rest of the year, Carson KC is selling AMC Tickets for \$10 and the proceeds go to any future key club events such as Fall Rally or DCON, which we are all anticipating. Another fundraiser that we have participated in was our school's Quad Part which is held every semester. Quad Party is the day that all clubs get to fundraise and this year the clubs split up the profits from the 5 food trucks that were let onto campus since they couldn't get onto our school's quad. On the 4th of this month a few of our members participated in a Tree Planting event which was sponsored by Shell. In this event, volunteers get dropped off to certain areas around Carson to plant trees, much sweat and determination was shown by our key clubbers as they dig holes and planted as much trees as they can within the day. This was an event that we also participated in 2 years ago and it was so much fun we wanted to do it again. At the end of the year, one of the small learning communities at Carson High, Advanced Studies Academy, throws a banquet to end the year in a giant celebration. Catering to more than 200 people, key club was willing to help set up for the event in various ways such as in setting up tables or doing decorations. This month we worked with the city of Carson so help celebrate Filipino Independence Day at Carson Mall, this event is held yearly in celebration of when the Philippines got their independence on June 12, 1898. Our key clubber of the month is Leony Mijares, being only a freshman, she has shown her will to be an active member in key club by participating in several events and it seems as though she would like to be part of Carson Key Club for the rest of her high school career.

Santa Rosa

Even though only a few members went to the Giro Bike Ride event, it was for a pretty good cause, to help out with blood bone cancer and another cause. This event went on the whole day. Some members went during the day and they helped out with booths and other things; and as for the ones who helped out during the evening, they cleaned up mostly. The whole day was very rewarding and all those who helped out were glad to have done so. Even non-members went to this event. I'm proud of the club because even during the summer the club has a very good communication network. I'm also glad that at the OTC we were volunteered to make a presentation, and that went really well.

Healdsburg

For the month of June, our club participated in service projects rather than fundraisers. In the second week of June, a handful of members helped out at our local Relay for Life and then two others proceeded to hand out waters at the annual Fitch Mountain Foot Race. Unfortunately, no members were able to make it to OTC due to scheduling issues, but hopefully we can make up anything extremely important if need be. Overall, a fun, spirited, hot month.

Division **21** Region **2** Submitted by LTG **Amanda Sani**

Point Loma Key Club

Though our key club didn't meet formally this month, members have stayed active in the community by volunteering with various organizations and charities in order to help give back and participate with other charitable groups similar to Key Club. Our plan is to continue volunteering throughout the summer, and to make the activities routine- such as the neighborhood and beach clean ups, as well as volunteering at the GAC, a local greyhound-rescue organization.

Kearny

Hi! School is over, and we said our last good-byes to our seniors. That does not mean Key Club is over! Our club is doing great; this is one of the most exciting months of all, because not only is school over, but we get to learn how to communicate as a club out of school. We did the Dodge Rock n' Roll Marathon, which was really fun, especially watching the runners never giving up. 2 members of our club went to the Divisional Banquet; also we have one representative from our club going to ICON, which is our Vice President John Souphalith!

Hilo High School Key Club

This month of June was the first full month of summer vacation! The club got to experience a couple new projects that we hope to continue throughout the years to come. The first annual Bark for Life was a project we helped with earlier in the month that was held at Lili'uokalani Park. It is like Relay for Life, but dogs and their owners get to walk the park and raise money. All the money raised goes toward the same cause as Relay for Life. This year, being the first, they raised a total of about \$3,000, which is great!! As we cheered on the dogs and their owners while they were walking, we got to see dogs of many different sizes, but they were all very cute! There was even a Great Dane that was giving rides to people. It was a great project! Our island had their first OTC this month. Officers of the Hilo and Waikeka Key Clubs were trained on their duties as well as given time to set goals for their clubs. This was a great time for our clubs to reflect on the past year, and prepare for a more successful upcoming year. We've been having members attend the Kiwanis general meetings on Fridays, which is great, because we getting to know more about the Kiwanis members who have been giving us all so much support! We are having a little difficulty getting members to sign up for projects, although it is time where our members may be traveling or unavailable to attend projects due to other commitments, but hopefully that will change as we are getting closer to starting a new school year.

Punahou School Key Club

This month all of the officers were happy to see that more members were catching up with their hours and getting involved in the community. Some of our successful projects this month were the Alumni Luau and Jams & Jellies. Many of our members attended both events, and committed many hours. The Alumni Luau was a lot of fun for both the volunteers and the attendees. This even lasted about six and a half hours, and consisted of the club passing out food and cleaning up. It took a lot of man power to move all of the food from the cafeteria to the tables. It also took a while for everyone to clean up. We all found it a little surprising how much work we had to spend cleaning up, and found a new appreciation for all of the work that went into this event. Not only did this benefit the Alumni who showed up and the parents who were there helping out, but it also benefited our club members who got to know one another better. Our other big project this month was Jams & Jellies. This is a project where the student and parent volunteers help make mango chutney and lilikoi butter to be sold at Punahou Carnival. The profit made at the carnival help to provide the Punahou education to those who may not be able to pay for the entire tuition. One of the volunteers said, "It is totally not what you would expect. Even though it is hard work, it is also a lot of fun. Not only are you helping your school, but you also get to meet and talk to a lot of people you wouldn't normally." Hopefully more people will start to get involved! A bit thing that helped our club this month was the OTC and DCM held for the officers. All of our officers were very happy to get the chance to meet Keagan, and learn more about how we can all be better officers. After attending this meeting, we were all a lot more confident in how we would run our club better. And not only did we learn a lot of new things at OTC, but we also got to meet other officers and make new friends. Through hearing their struggles and successes, we also got to learn how we can do things better. OTC was very successful!

Division **23** Region **6** Submitted by LTG **Alyssa Yocom**

Galena High School Key Club

This month our club took part in Relay For Life. We raised money for this in previous months for the organization. During Relay For Life there was always one member walking on the track. This event was an over night event and most members stayed all night long.

Division **25E** Region **7** Submitted by LTG **Adrienne Salvador**

Granada Hills Charter High School

Although school is over, Key Club is not over yet. During this summer, we had two events: Heritage Festival and a divisional Beach Clean Up. Hosted by the Kiwanis at Northridge Park, members helped out at booths during the Heritage Festival and enjoy the jubilant atmosphere. Moreover, our division held a beach clean up at Will Rogers State Beach and five of our members were able to attend this amazing experience.

Division **25W** Region **7** Submitted by LTG **Iris La**

El Camino Real

This month was a great month of service of El Camino Real Key Club. We had one service project at one of our local elementary schools in order to help them raise money to fight the recent budget cuts. We had several divisional projects such as Making Strides Against Breast Cancer and Operation Gratitude. Both were events meant to help the community at large while reaching out to more than just our communities. The goal was to reach across countries and whole continents to provide a helping hand to true American heroes: American soldiers abroad. They put their lives on the line for us and its time we give a little back in return.

Sherman Oaks Center for Enriched Studies

Division 25 West Banquet - On June 18, 2011, the Division 25 West Pufferfish had their annual banquet. There was delicious Stonefire Grill catering, and an awesome DJ. A beautiful slideshow was shown, our wonderful IP LTG, Allison Hamoy, gave a meaningful speech, and many awards were handed out as well. Everyone deserved the award they got and worked very hard to get! the dinner was delicious and the venue was nicely decorated. As the night continued, the dance begun! Although it was horrendously awkward at first, many of our Pufferfish stood up and danced the night away! The dancing was especially awkward when groups would form exclusive circles without knowing it, but eventually circles opened up and everyone had a great time! It was a great way to recap on the great year of Key Club, and to lead everyone in to the new Key Club year! Everyone had a great time and enjoyed himself or herself that night, and I'd love to personally do it again!

Division **26** Region **9** Submitted by LTG **Iris Wen**

Antioch High School

This past month, after school ended, both myself and immediate-past AHS Key Club president, Filip Hess and immediate-past vice president, Julia Grace Lyter, worked at the local Relay4Life 24hr at our community college, Los Medanos College. This event was created to help fundraise to fight for colon cancer. We helped prepare breakfast, consisting of pancakes and fruit, to those walking and to those volunteering. We also gave out refreshing drinks and water for walkers and workers to regain their energy. We all had a fond farewell to our graduating members and officers. That event was a great way to end our year with them. On the same day, some of us went to help out at the East Bay Family Day at Pittsburg High immediately afterwards. During the event, we helped to set up tables, held up signs to get more people to come to the event, participated in the dance event, and also helped clean up at the end. All the members attended had a great time and also learned some of the valuable information while volunteering at the same time. Overall, it was an interesting experience working at the family event.

Pittsburg High School

This month, we participated in Relay for Life at LMC. We raised close to \$200 for Cancer research. We took shifts walking the course and also helped out with the illuminaria ceremony, lighting up the memorials. The turn out for our volunteers was actually very good, and the event itself counted for a hefty 24 hours of community service because it started from 10am to 10am the next day! We doubled our expected goal of raising at least \$100! We also planned and took names down for those who were planning to participate in the July AIDS walk in San Francisco on the 17th.

Bear Creek

For the month of June, Bear Creek's Key Club has had no meetings during summer because many of the members and officers are off on vacation. We are looking forward to the next July DCM that is coming up and the Officer Training Conference so that all of the officers in our club will understand and fulfill their duties.

Stockton Early College Academy

This month our club held our last meeting on June 6 where we held an end of the year party and reflected on what we liked best about this year. We also had everyone sign thank you cards to give to all those that helped our club this year. During the last few meetings that our club held before the end of the school we discussed our summer meeting and the date/place we would have it. During our summer meeting we plan on discussing our plan's for the upcoming year. One of them is our adoption of a retirement home which we plan to make ongoing. Another is the wristband fundraiser which we started this year and plan to make ongoing as well. For this fundraiser, which took place from June 4 to June 8, we had some of our members sell wristbands. We advertised the fundraiser and had a booth at our Yearbook Distribution Party. On June 18, five of our members attended the June DCM at Michael Faklis Park. During the meeting we voted on the Division 27 t-shirts. A service project that we were involved in this month was volunteering at several Quail Lakes Swim Meet on June 16, 23, and 29. Three Key Clubbers worked the swim meet by request. During the meet, the three key clubbers helped with the snack bar as well by being runners. They became in charge of maintaining order in the snack bar area. The purpose of volunteering for this event was to provide the swim meet with additional help. One member was also in charge of delivering the results of the swim meet. It is always a pleasure to have our club volunteer in the community. This year has been a wonderful learning experience and an enjoyable time for our Key Club. It could not have been possible without all the help and support we have received from our advisor, Middle College High School, Mrs. Thompson, and Mr. Ben Reddish. We cannot wait for the future plans we have to further help our community.

Advanced Technologies Academy

This month our Key Club hasn't been active much. Summer is here and people are on vacation and out of town. But we still have some outstanding members that are doing community service that are staying in town. Members volunteered at pre-schools and read to the kids there, worked on the summer program at the library, tutored children in the area of math, and also one member helped the environment by picking up the trash and helping to clean the water. Even though it may not be much volunteering but it still helped many and improved the environment. This month is also International Convention, one of our Key Club members is currently attending and bring D28N spirit to international Key Club. Special thanks to LTG Jarren Santos! Next month, as a club, we plan to look for more opportunities for community service and also we encouraged our members to volunteer even during the summer.

East Career And Technical Academy

For the month of June, it was the start of the summer and time to come up with project ideas for key club! Our club has been communicating with LVYP and CKI to collaborate on new projects this summer, but they have been pretty busy during the month of June. We decided to make that up by working on a project sometime this July. Although everyone's out trying to have an awesome summer, we are still updating our club members about upcoming events and possible projects to get more hours. We plan on getting as many hours as we can during the summer, just to kick off a good start of this coming up school year!

Valley

In June, we had our last Key Club meeting of the school year. At this meeting, we had a lot more members show up than usual. Food was served (potluck style), and we played ice breakers. Overall, the last meeting of the year was a success. We informed members how we now had a website for submitting community service hours online, so some members would submit hours over the summer. However, only two members submitted community service hours online, but we hope to advertise it a bit more, so that there are more members who submit hours next month. These service projects were cleaning up at the zoo and volunteering at a local library. Upcoming plans include a board meeting next month (we're expecting it to be a boba place, however we're not sure which yet), and a meal with our Kiwanis sponsoring club.

Del Sol

This month our club had an Officer Meeting at our President, Noelle Nelson's house, after the meeting we made "thank you cards" for soliders that are servicing overseas in Iraq for our country. On June 18th we had 5 members/officers attend Ambulance Chasers at Las Vegas Motor Speedway, where they directed cars, handed out water to runners, etc. From the 28th to the 30th of June members helped our sponsoring Kiwanis club with their yearly fireworks booth. This project will continue into July.

Spring Valley

This month, officially beginning our journey as the new key club officers, we've received much support by our members. Regardless of that fact that it's summer, they have been willing to engage in key club activities such as Vons. The members did surprise us with their aid for the Vons fundraising which made us more hopeful and proud of our keyclubbers. Also, our Kiwanis advisor, Ms. Ang, has been helping us greatly as well. She attended the board meeting, as well as invited us to the Kiwanis meeting (which we did attend). We're very happy and blessed to have her apart of our club. The officers and Ms. Ang have been coming up with a variety of keyclub activities that we will look further into for both summer and the 2011-2012 school year.

Ed. W. Clark

As the month of June came around the corner, what everybody was looking forward for was school coming to an end so they can all take a rest. But that didn't put a rest to the Key Club events! During this month our end of the year banquet was held. There were many great foods, member inductions, officer installations, and awards were handed out. Our very own Division 28 West LTG attended our banquet. As always, this banquet was bittersweet, where this was the 2011 seniors' last key club banquet. The day after our club banquet we held an event. Since our school is going through remodeling, teachers had to pack their belongings away to be moved into portables. So key clubbers mainly helped move textbooks onto a cart where it was to be transported to the portables, and then unloaded them into the portables. The rest of the textbooks were put into boxes. On another day, we helped our key club advisor, Ms. Wong, pack her belongings.

As school ended, we planned a park social as a last get together with the seniors. We played a great game of capture the flag and ate hotdog. Later, key clubbers just hung out by playing football, basketball, or just having a great time talking. The month of June is coming to an end, but that doesn't put a stop to the events. On June 30th, Clark Key Clubbers are helping out the Kiwanis Fireworks Booth. There wasn't much sales since there were still days to go until The Fourth of July.

As the month of June came around the corner, what everybody was looking forward for was school coming to an end so they can all take a rest. But that didn't put a rest to the Key Club events! During this month our end of the year banquet was held. There were many great foods, member inductions, officer installations, and awards were handed out. Our very own Division 28 West LTG attended our banquet. As always, this banquet was bittersweet, where this was the 2011 seniors' last key club banquet.

Troy High School

This month was filled with school, school, and more school. Meetings were held off due to studying and finals. However, everyone is glad that it is now summer! Hoping for a Key-Club Filled summer!

Comments From LTG: Although this club did not hold meetings, it was able to effectively communicate with its club and was able to turn in everything BEFORE the due date

Anaheim Key Club

The Baseball banquet was pretty tiring. We had to set up, clean dishes/forks/plates/spoons/knives, catering food, and clean up the mess afterward. Even though it was a great deal of work, we all had a fun time being a waitress/waiter for a day. The last event for our school year was a fundraiser, Aloha Grams. Basically we were selling Leis for a dollar each during the Aloha Dance, sponsored by ASB. The June DCM, sadly, only 9 people were able to attend this event. Even though we didn't have a big group, these 9 people were really into making these cards creative, which was very facinating. Our last event during this month of June was our Board Meeting, which lasted 4 hours. During the meeting, we brainstorm ideas on how to make summer break super fun and Key Club more interesting to join for incomming school year. This board meeting we basically decided that our traditional infomational meetings are too boring. Since it's boring Key Clubbers wouldn't like to go to our general meetings because they probably find something more fun to do. So we came up with some ideas to spice up Key Club spirit. We came up with ideas like: to save paper we have our annoncments on slideshows instead, ice breakers/games every board meeting, social every month, group bonding at amusement/regular parks, crazy/amusing awards every month including Key Club of the Month, and fundraisers that corresponds to a holiday or school event.

Whitney Key Club

Though we had a slight shortage of events during this first month of summer (our Directors of Activities both went on month-long vacations out of the country), we turned towards the dedicated Key Club members to find some suitable events. Luckily, our DoA's had prepared ahead of time for July, so we have many more events lined up for next month. Unfortunately, our Directors of Fundraising have been pushing back fundraisers, so we did not hold one this month, but we (finally) have one planned for next month. Our Executive Board has been extremely happy with our DCM attendance that has been, for the most part, consistent, as well as the good job our cabinet has been doing with their respective jobs. However, in response to our shortage, our president (Emily Liu) told us Exec Board and cabinet members to pair up and be in charge of contacting a certain non-profit organization in order to support Key Club's Project SHINE by finding more related events. Communication has already started between our club and organizations such as Giving Children Hope, Special Olympics, and Blind Start of America. In doing so, we plan on expanding the reach and impact of our club beyond just our school and community.

Grossmont

The month of June for the 2011-2012 term has been optimistically progressive despite a slight decrease in the number of service events and intercommunication in our membership due to summer vacation. We held only one service event this month, but it was a huge success. We assisted with the San Diego Blood Drive at our high school, with an astounding turnout of more than half of our members volunteering at least one of their class periods to keep the Drive organized and efficient. While our service events have been somewhat lacking, our board of officers has remained strong and in close contact throughout the month, meeting twice near the end of June with optimum attendance and smooth deliberation in planning for our summer events and our transition into the new school year. We have also been regularly attending our local Lake Murray Kiwanis Club's general meetings every two weeks. As our club grows stronger, we become more confident in our its developing success, and we are ready to move forward with our summer service projects in July. Next month, we plan to continue our board meetings while hosting beach cleanups, card-making events for our troops, serving food at the St. Vincent de Paul Food Kitchen, hosting general meetings at fun locations to encourage maximum attendance and club bonding, and fundraising money through a variety of service organizaitons. Therefore, our improvements will continue to be facilitated, and our club will surely grow stronger in the coming months so we can readily serve our school and community.

Helix

This month, Helix attended the DCM/OTC. We had 6 members attend, which was the majority of our board. We also had about 6 members attend our region 1 banquet, which was a very fun ice cream social with division 11! We also held our home club banquet, which was very successful. Our new board was officially installed and we had an attendance of 30 members! Next month, we're planning to attend the division 21/31 DCM and bonfire; we also hope to plan something for all the incoming freshmen to attend to get a feel of what key club is and hopefully have them join our club.

El Camino

The month started of with a good start with helping out in the event, Tour de Cure, to help and encourage bikers in their race to help with raising funds for the American Diabetes Association.

Palo Alto

June always marks the end of the school year, and the beginning of a large number of awesome summer events (even though we had some strange weather...). Since school ended on the 9th, several of our members took the first few oportunities to volunteer, such as making cards for Children's Miracle Network at the DCM, going to the monthly book sale, and setting up for the Tour de Cure race at HP Pavillion. And all of these events were on the same weekend! Some of our members actually went to all three events! Palo Alto Key Clubbers sure know how to make our club proud :). The book sale was in its normal state of a chaos of simple arithmetic and bagging books. The annual PA World Music Day fell on Father's day, and featured some 50 bands from all over the Bay Area each playing their own genre of music. Volunteers passed out flyers and helped to set up and clean up the event. But I can't wait for our car washes for RFL! Too bad we have to start later this summer since our school administration wasn't very prompt. Nevertheless, we are working hard with Gunn Key Club's president Andrea in order to organize a successful fundraising campaign for the American Cancer Society, and have already located a viable car wash venue and scheduled dinner fundraisers.

Lynbrook

This month may have marked the end of our school year, but it also marked the beginning of summer! On the last meeting of the school year, the officers discussed major events for the summer, including Relay For Life. Members received Relay For Life packets, in which each member participating will be raising \$100 to donate to the American Cancer Society. To help with fundraising, our treasurer, Sun Shin organized an event in which Key Clubbers can go around the neighborhood, raising money together. The projects in June involved lots of fun activities, including the June DCM organized our very own "Lynbrookian", Anika Dhamodharan, also known as our current LtG. We are all very proud of her, and no doubt the June DCM was full of fun activities! This month also involved a lot of awesome projects with other organizations, such as Breathe California and Children's Tumor Foundation, which allowed Key Clubbers to meet a lot of amazing people! We all can't wait for July's Relay for Life...one of the most exciting and memorable projects of the summer!

John A. Rowland

This month, our club just finished school and had a successful Pho fundraiser on the last day of school. It was a minimum day and the restaurant is located in walking distance of our school, so we had a pretty good turnout. We only had two events this month, two Relays for Life for Diamond Bar and Walnut. Since we did not have school, we did not have a general meeting, but our officer board had a short meeting right before our DCM. We did not have a member of the month, but we have had one member, Brian Wang, attend our city's weekly Jack Newe's Farmers Market for six consecutive weeks now, which definitely deserves an honorable mention. For the month of July, we have an Isaiah's Rock event planned, and hope that incoming freshmen will attend, since we had many sign up at eighth grade orientation.

Diamond Bar

During the wonderful month of June, the 2011-2012 officers drove almost in hour in traffic under the hot sweltering sun in order to meet up at a skating rink on Friday, June the 17th, for an officer bonding. Although a few of the officers were shy at first, they started to loosen up and be more social after introductions. Since many of the new officers were unable to ice skate since it was their first time, those who knew how willingly lent a hand and picked them up whenever they fell, encouraging them to continue trying. By the end of the day, not only were they all able to skate, but acquainted and comfortable with each other. An environment where ideas could be freely expressed without the fear of being judged was set. In addition to having a bonding, Rowland was at the June District Council Meeting, eager and ready to express their love for Key Club. In fact, every officer attended, but two.

Arroyo Key Club

In June, the Arroyo Key Club has been busy from fundraising, helping the community, and attending fun divisional events, such as the banquet and DCM/OTC. We have successfully raised about three hundred dollars from our small fundraisers. In addition, our club had a blast at the Key Club banquet and the OTC/DCM this month. We hope summer will bring our club closer and let us help the community more

Arcadia Key Club

This month, Arcadia Key Club went to Relay for Life in Arcadia at the Santa Anita Racetrack. As a pleasant surprise, we found many of our friends, acquaintances, and classmates supporting their own cause for beating cancer. We teamed up with HCCC (Hope Can Cure Cancer) as we sold merchandise, food, and refreshments to raise money for the cause. There were people from all over the city also showing how cancer has affected them and what they are doing to help. Many of our Key Clubbers found their own way of fundraising such as playing the guitar, selling beverages while walking, singing songs, and even raffle tickets for those willing to donate. We eventually donated an amount well over 1000 dollars, but the exact total is not determined yet. It was overall a fun-filled day, and even more fun for those who stayed over night. Most of the Clubbers were also in good spirits as they stayed up through the night with their friends, or slept in their cozy tents. This event was an enormous success, and everyone also seemed to have a wonderful time.

Pacific High School

This month, the board planned to have a meeting with all the members but we're now postponing our meeting until some time next month. As far as community services, we had a couple members go to the Family Fun Night at the Highland YMCA and help make food and serve to the families who attended the event.

Henry J. Kaiser

This month they began making arrangements for orientation such as designing keys and the club tshirt and making posters. They also began filling out school paperwork for events, setting dates, and deciding on what snacks to sell for their Fall Rally fundraiser. This four day "training" really showed proactive planning and officer bonding.

Escondido High

In June, we mainly volunteered at the Escondido Center for the Arts and went to a couple of meetings. On June 3rd, Michelle, Stephanie, Julian, and I volunteered there for the Gears and Gadgets Show and at the silent auction. A week later, seven of us went to the DCM at the beach, and we all had a lot of fun meeting new people that we share common interests with. We all can't wait for our division to gather again and have bonding time! On the 21st, our club's officers had a board meeting, and we discussed many new ideas for this year; we decided to make the meetings more fun with decorations because it is important for someone to be captivated by how awesome Key Club really is! We have planned a meeting for July, and there will also be a park clean-up. Three of us went to a Kiwanis lunch on a Thursday, and from that, we have received a great opportunity to volunteer at the end of each month with the children's organization at the Escondido Center for the Arts. It was great helping the children build clay models, read to and communicate with them, and help set-up the items and clean up. The ladies in charge of the event were very pleased with us and want us to help with other events too. I should say that we took a great leap into finding new, fun events for our club!

Valley Center

During the month of June, VCHS Key Club did not have any meetings due to summer vacation. However, this does not mean that the board has not become inactive because of holiday weeks. During the last few days of the month, the President and the VP attended the ICon convention held in Phoenix, Arizona. During the convention, the attended board staff learned about a vital technique to make the VCHS Key Club strong and organized: communication. There has been a lack of communication between the new selected board members, and it has become our duty to keep in touch with updates and planning. During the remaining of summer, we plan to meet at least once a month in order to brain storm ideas. When the school year begins, the board will also become more in touch with our members since it is better to be together as one than a board staff and other people. This has become an epiphany and hopefully can guide us for a successful school year.

Torrey Pines

This month, the incREDIBULLS of Torrey Pines reluctantly wished the 2010-2011 school year, and the 2010-2011 TPKC board, a bittersweet farewell. We concluded the events at our home school with our last recycling and a Touch-a-Truck fundraiser, at which we helped with facilitation and clean-up. We remain interactive with our own Del Mar Kiwanis, actively attending their meetings, and vice versa. They continue to produce many beneficial events for our club, including events that raise money for our home club. Since we are currently very out-of-debt, we have started to donate some of our earnings to non-profit organizations, including Jeans for Justice. We held our last general meeting of the school year, where our IP president, the ever-amazing Jill Wong, gave her farewell speech and we handed out final certificates, gave refunds for shirts and AA jackets that never came in, and watched our end-of-the-year video. TPKC also had a large attendance at the D37S Banquet and June DCM, where many of our previous board members received well-deserved distinguished awards, and our own new board participated in the talent show! Torrey Pines proudly accepted the divisional points trophy for another year, and we of course won our LTG, Douglas Bi, and our own vice president, Alan Tsoi, in the dance auction. Our key club continues to coordinate events throughout the summer and further establish a system and a bond with our 2011-2012 TPKC board.

Victor Valley

Currently, working on meeting with the LTG so we can plan next school year. Also, now keeping in touch with her, getting everything set up, and looking forward to this year. We are planning events to get going ASAP, to raise money for Fall Rally and other benefits, and charities. We are coming along slowly but we will get there

Apple Valley

This month we began summer break, so we haven't had much going on. However, some of our members were able to make it to the DCM this month which was on June 25. The DCM was at Hook Park in Victorville, and members did two service projects. They began with a two hour park clean up, followed by an hour of writing letters to soldiers overseas. Our members thoroughly enjoyed the afternoon, and are looking forward to communicating with members from other schools. In addition to this, our officers have been staying in contact with one another adding to ideas and plans for the upcoming school year.

Northwood

June was a short month for us, but Northwood Key Club managed to celebrate the end of school and the beginning of summer anyway! Board members held a brief meeting to discuss potential gifts to give to our advisor Mrs. Trank, as well as some treats for our senior club members leaving for college. During this month, we teamed up with the YAT club to participate in Relay for Life at Irvine Valley College, where people could walk laps, participate in carnival-like games, and buy all sorts of food. We also held a boba milk tea sale on Junne 6th in order to help raise funds for 2012's DCON in northern California. On our last meeting of the year, Key Club held a club party, ending the year with bang! We hope next year will be just as amazing.

Aliso Niguel

This month Aliso Niguel Key Club participated in a 2 day carnival event at St. Timothy's in which the members ran game and food booths. Aliso Niguel also volunteered at the Aliso Viejo Boys and Girls Club end of the year celebration. Members had a great time helping with the festivities. Aliso Niguel has shown vast improvement through its re-emphasis on membership activity and many service events being provided. Aliso Niguel hopes to continue on this track throughout the summer and into the coming school year.

Santa Susana

Even though it's during the summer, but our club has organized to visit the Ronald McDonald House in order to see why we are collecting the pop tops and what they do. It helps us to understand more about the meanings behind these service projects. We think that there will be next time in the upcoming year for the new members to learn more about saving pop tops and excited when doing this project.

Royal

This month our club members cleared out their busy schedules by volunteering to help clean up Carriganville Park. Thanks for the heads up Megan Dudley!

Woodcreek

This month we finally had our joint KEY Club event with Roseville HS KEY Club that was a part of Project SHINE. We had our car wash and our Fun Day which were both successful. We raised \$225.00 for the Aktion Club and they had fun with the many activities at the Fun Day. We were glad to see our LTG Kendall at the event that we have been planning for the past couple months. Again there was not a whole lot going on this month since everyone is on vacation for the summer.

Enochs High School

During the first month of summer, Enochs Key Club had the joy of helping out with some community projects: the Modesto Graffiti Car Show, the Key Club Car Wash, and the Love Modesto event. The Key Clubbers who participated in these events enjoyed bonding with fellow students and knowing that their efforts were making a difference. At the Beyer DCM, Enochs Key Club was pleased to be presented with the "Key Club of the Month Award". At the meetings that took place during June, Key Clubbers went over old business, and also planned for new business, such a club t-shirts, and future projects that we're interested in.

Buhach Colony High School

For the month of June, there was very little accomplished. We didn't have our first meeting until the end of June due to the members having school interferences. Everytime we try to have a meeting something always came to interfere, whether it was the members or the advisor themselves, not being able to make it. Because of all the interferences our club has fallen behind a bit, but for the month of July, we have many events planned for the events and meetings that were missed during the month of June.

Would you like to see your club showcased? Make sure your club secretary completes the monthly report each month, especially the Narrative Section.
