Back From Summer Board!

Lessons Learned & It Is Time That Our Division Makes Its Comeback!

Hey Division 24/29!

After attending the Summer Board Meeting for the Cali-Nev-Ha District my eyes were opened to just how in the dark we have been. For the clubs in our Divisions, we may think that our only emphasis is supposed to be on just doing community service in our community. But Key Club is more than that, there is actually a District Project, and it's called Pediatric Trauma Prevention (PTP). By going to events such as Fall Rally, you are helping raise money for PTP.

As a Division we are also supposed to throw fundraisers that help raise money for PTP and so this year, we are going to make it happen. First I suggest that since each Key Club is allowed to have multiple Vice Presidents, you should think about either electing or appointing a Fundraising Committee Chairperson. By doing this you will have a person who's main focus is to think of way to raise money for not only the club but also for PTP.

May I also suggest that you start thinking about raising money for your club that way you can attend events such as Fall Rally and District Convention, the sooner you start the more you can raise. So start thinking of ways to raise money, that way we can make this year our comeback year.

-James R. Cabrerros

Pediatric Trauma Prevention

What exactly is PTP?!?!?

The Kiwanis Cal-Nev-Ha Foundation was established in 1965 and consists of 20 members who meet up to 3 times a year. Their goal is to educate and train people in the areas of pediatric trauma and injury prevention and in 1994 the Pediatric Trauma Program was established in 1994.

Kiwanis decided to adopt PTP as one of its program partnerships when Kiwanis members were informed that unintentional injury is the #1 killer of children under the age of 14 in the U.S. Also the fact that unintentional injury kills more children each year than any other cause such as disease, homicide and suicide.

How do we help? We set up fundraisers to raise money for PTP each year. Events such as Fall Rally North and South are designed to raise money for PTP by taking a portion of your ticket and giving it to the cause. So let's raise money for PTP that way we can help with a cause which is closer to us than we think.

Clear September 27th from your calendars for Region 10 will be holding its

Regional Training Conference

What is an RTC? What are my expectations?

Attention all officers and interested members, on the 27th of September, Region 3 Lieutenant Governors Robyn Saldino, Nathan Schlaffer and yours truly will be holding our Regional Training Conference (RTC). Each year the Lieutenant Governors within a Region are expected to get together and hold an event where officers and anybody who is interested to attend.

It is highly important that ALL OFFICERS ATTEND THIS EVENT! Our Division has been set aside for too long and with that the whole concept of how Key Club works has sort of died out within our Division. For Presidents it is important to come that way you can learn how to run and orchestrate more efficient meetings and more important, clubs. Vice Presidents need to learn that they actually do more than fill in for the President when they are absent that day. Secretaries need to learn how to complete an MRF. Treasures need to learn how to properly deal with a clubs finances. And finally editors need to learn the graphic standard and what exactly their expectations are. Members are welcomed to come to, that way they can learn and embrace the Key Club spirit.

If you are unable to attend it is important that you let me know that way I will have an idea as to who will still need some guidance after the RTC has taken place. So please I urge you to clear your calendars and make room for the RTC.

Also you need to communicate with your club advisor about transportation because it is actually important that they show up too! That way they too will learn how to do their job as a club advisor more efficiently. If you have any questions, comments and/or concerns, just send me an email and let me know. Thanks Zebras!

Where will it be held?!?!?

Ventura, CA?

Santa Barbara, CA?

To be perfectly frank, we Lieutenant Governors are not exactly sure as to where we will be holding our RTC. Chances are that it will be held within the area of Ventura/Santa Barbara. I'll keep you posted!

GLOW

A Message from Your LTG:

I would like to start by saying that it is truly an honor to work with all of you. You are all members of the best division an LTG could ever ask for. Up to this point in my term, I have witnessed a group of students just like myself grow from a struggling group of individual clubs into a strong and committed division. The effort put forth into organizing transportation, membership drives, attendance at events, and contributing at DCMs has been outstanding, and I cannot possibly express how much you all mean to me. We are more than 1/3 through our time together as a division, but we still have a great many things to accomplish. On top of service, schoolwork, and extracurricular activities, we must start planning for the future of our division as well. In the coming few months, please start thinking about running for LTG or any other District or International office. It is a lot of work, but amazingly rewarding. If you are interested in running for any office on a club level or higher, do not hesitate to contact me with questions!

A Firefly for Life,

August DCM

Before the Officers Training began at Simi Valley High August 8 2009 we had our August DCM @ the same location at 3pm. We discussed the following vital information:

How do I pay my club's dues?

It is necessary for every club within our division & district of Key Club to pay their club dues (\$11 = \$6.50 to International, \$4.50 to our CNH District) on keyclub.org @ the "Membership Update Center." You must pay for at least 15 members (Not all of them at once, but definitely all of them eventually) to pay your dues. Your club can either pay dues online using Paypal or Credit Card, or pay your dues by mailing them along with a printed invoice to Key Club International (address: 3636 Woodview Trace Indianapolis, IN 46268-3196). You can start paying dues **October 1st**. **Early bird deadline is November 1st 2009.** **The regular deadline is December 1st 2009.** **Supplementary dues which are late are collected until February 1st 2009.** **After February 1st if a club has**

not paid its dues the club is suspended & not considered an official club of Key Club International. After you are finished with paying your dues for at least 15 of your members print out your invoice (Option on the website) & mail it to Key Club International with your dues money. Ideally you want to submit your dues sometime in October because it may take a while for the dues to process. Please definitely turn in submit your club's dues to Key Club International by December 1 2009! Collecting & paying dues is a club treasurer & secretary's duty. Your club secretary will receive a new password & club ID sometime in September to update your membership on keyclub.org.

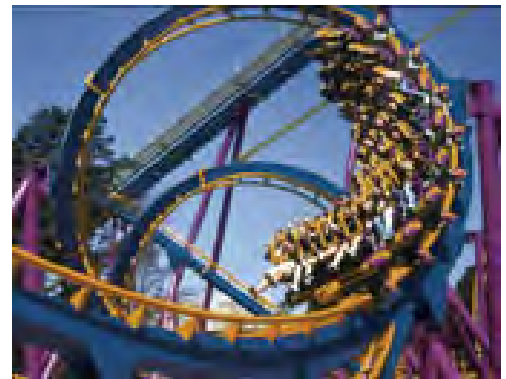

Fall Rally South this year will be **November 14 2009** at Six Flags Magic Mountain.

How much is it?

Discounted tickets cost \$25 each. **Ticket orders are due October 24** so send them to our CNH District Office early (Address: 8360 Red Oak Street #201 Rancho Cucamonga 91730)!
