DCON Spirit

District Convention is all about learning, educating new officers, broadening horizons, promoting awareness of the enormity that is Key Club, uniting the district, honoring officers with awards, electing the new district board and most importantly, SPIRIT. This is the ultimate show down, for divisions to flaunt their colors and their pride for the district to see. On the first day, the convention center will be overwhelmed with a variety of different colors, as everyone will be doing their best to out-do the other with divisional apparel. But, aside from division t shirts there will be those that go above and beyond. Bandannas, beads and thunder sticks are among the popular accessories that divisions will be bringing, and even then that is only the top of the cookie jar. Remember to think outside the box if you want

your division to truly stand out. On an important note: spirit items may not be vouched by your respective Lieutenant Governor, so it's important to start thinking about how these spirit items will be funded for.

Kiwanis 1 DAY

One day out of 365 days is dedicated to our family, the Kiwanis Family of course. This family that comprises of all ages and individuals, who enter the Kiwanis family in hope of changing our communities and serving others. April 10, 2010 will be Kiwanis One Day, where Kiwanians, Key Clubbers, Circle K, K-Kids, Builders club, and Aktion club can all unite as a family in doing service or just have fun.

Kiwanis One Day does clash with District Convention; however, that shouldn't stop clubs since only a few people will be heading to Sacramento for District Convention. Clubs should collaborate with their Kiwanis club or other Key Clubs. It's called Kiwanis One Day—and the more hands we have helping, the more lives we will touch. Any project, big or small, is worth tackling. Projects include anything from building playgrounds to volunteering at a shelter to stocking shelves at a food pantry. It is a worldwide day of service for our family and we have the ability to change lives even if it is small or large.

Plan ahead of time what your project will be and focus on that project by having people attend and taking part on this day. Be a part of something bigger!

International Convention

Have one of the greatest experiences you will ever want while representing the California-Nevada-Hawai'i BEEES! International Convention gives you the chance to learn more about Key Club, meet members from all over the world, travel to a great American site, and get to know other attendees from your district. ICON will be held in Memphis, Tennessee this year. More information will be given soon, but save the dates July 7-11.

A package deal including ICON and a tour will be provided and may take place before the convention (before July 7) or after the convention (after July 11). Be on the lookout for more information!

Fun Fact:

International Convention 2011 will be held in Phoenix, Arizona!

Hey!

It's March. DCON's in a month. Our Banquet's coming up. Although our year is almost over, there's so much to look forward too! I can't believe just a year ago, I was starting my year as Lt. Governor, but here I am now. We have a Lt. Governor Elect, Donald Quach (wool!), and also congratulations two other candidates who did a REALLY good job, Janice Tran and Hailan Pang.

But in one month, my term will be over. I'm a little anxious to see what life will be like...but working last year with you has been amazing. I don't regret running for Lt. Governor at all... but all great things must end. This will be my last DCM and my last newsletter.

Then there's Donald! Welcome him, and help him do his job as you all have done so well for me. I have high hopes for you guys.

Byee! Alex Pham

D37S Blurp:

It's hard to believe that it really is all coming to an end. This past weekend, I hosted my conclave, with a record breaking FOUR candidates running for my position as Lieutenant Governor. It was an interesting experience, planning out the event and helping all the candidates rehearse and find answers to trivia questions. It brought back too many memories, and it is so hard to believe that a year has already passed. And yet, at the same time there is still so much to look forward to: DCON, DCMs and the end of the year banquet! My dream team and I have already begun making plans for DCON spirit for the division, as well as the end of the year banquet. We are planning on ordering spirit items as soon as the end of this week, and already have a potential venue location for the banquet and the date confirmed. More than ever, I can see the division bonding together especially in light of the tragedy that has hit our division and community. At this time, our hearts are all joined together in mourning and in support of one and another, and all of our prayers are going to our friends at Poway.

Hello Division 37 North,

This year has been a roller coaster ride for me as I took on the task of Lieutenant Governor; however, I have never regretted taking this job. I had the opportunity to meet so many hilarious people who eventually became my friends. I can't deny that I've also had rough patches throughout the different, but the good times always outshine the bad times for me.

As the seniors and I leave our clubs this year, remember to always be spirited, enthusiastic, and to push your clubs to grow and be the best. For seniors leaving, we are leaving our clubs to a new generation of officers and Key Clubbers that will lead our clubs into a new year. This will be my last newsletter as Lieutenant Governor and my last divisional council meeting. I am truly sad that this is all ending; however, as one door closes another opens.

Meet Your LT Elects!

Hi I'm Donald, I joined Key Club back in freshman year just because I wanted to try new things, but key club has changed me. It has made me involved in my community and it has showed me what volunteering is. I really enjoy volunteering at Runs, festivals and fundraisers. In the past year, I was the president of my Key Club and I was able to make it grow in membership and I hope to be able to do that at the division level. I also hope to create more unity in the division as well. Alex Pham has really inspired me to take on the position as Lieutenant Governor because he was the one LTG that stood out compared to past LTG's in Division 21! I enjoy watching movies, hanging out and basically almost anything not relating to school in my free time.

D 3 7

Joining at the beginning of her freshman year, Vivian fell in love with Key Club at her first service event, Father Joe's Thanksgiving Run. It was when another volunteer thanked her helping with the event when she realized that everything she could do to help, no matter how small could make a difference.

Five months later, with some encouragement, she ran for office and became RB Key Club's treasurer, eventually winning the outstanding treasurer award at DCON the following year. Working with other officers, she learned that leadership was more than having carwashes and finding events; it was about inspiring her fellow Key Clubbers to volunteer and become more involved at school and in the community. At the end of her sophomore year, she became LTG Jennifer Zhang's divisional assistant, which gave rise to countless nights of oovoo/yogurt meetings. When asked, Vivian says that the thing she loves the most about being involved in Division 37 South is the opportunity to meet and touch the lives of so many people and likewise has learned from the experiences officers from other schools.

When she isn't taking pictures of herself at Key Club events, Vivian enjoys sleeping, watching romantic comedies, getting frozen yogurt, and baking peanut butter cookies.
