

BEEing a Leader without Titles

Lead by Example

BEE a leader by LEADing a friend of yours to a Key Club meeting. Influence **their** attitudes by making sure yours is always positive and welcoming! BEE understanding and open to different **ideas!**

Take Initiative

Little things such as advertising for your club or inviting a friend to an event demonstrates a drive that is exhibited by many leaders. Don't wait to be told to do something, but rather take the initiative and just do it.

Make a Difference

By attending your local service events, you are making a BEE-utiful difference in your home, school, and community, one step at a time.

Strength in Numbers

There are over 45,000 leaders in the CNH District. We are all CNH Bees, working together to develop our hive and family. And since there are so many of us, we are never alone --someone is always willing to help!
