WHY DO I NEED AN E-PORTFOLIO?

For majority of all contests offered to the members, officers, and advisors of the California-Nevada-Hawaii District, an e-portfolio is needed to summarize one's experience and all portfolios should meet certain requirements for the specific contest being applied for.

PERSONAL CONTRIBUTIONS REFLECTION

As a Key Club member for the four years of my high school experience, there were many opportunities available for me to obtain a chance in becoming a better student and leader. I branched out to run for a club officer position during my sophomore year, as I wanted to help and support my home club's efforts.

As I became more involved due to my position as Club Secretary, I found myself getting more involved with other Key Club District-wide events, such as Key Leader and International Convention 2016, where I was able to witness life changing experiences that influenced me to take further chances in becoming a greater leader.

DIVIDER PAGE: PERSONAL CONTRIBUTIONS REFLECTION

Ever since grade school, I was known to be an introvert, and never reached out to see myself as a leader. However, that thought first changed due to Key Leader 2015.

Amongst other Key Clubbers that held the same passions and drive as me, I began feeling more comfortable in my own skin. As I watched leaders present themselves charismatically and professionally, I was struck in awe as it began inspiring me to see myself potentially be a leader as well.

After that weekend, I realized that, "leaders come in different shapes, sizes, and volumes." Like the leaders I once saw, I continue to repeat this saying to the underclassmen today, as I hope to inspire them as others have inspired me to become the leader I am today.

Commitment to Core Values

Character Building

Personal growth is something I always strive for, and I am so grateful for all of the experiences I've had this year that have taught me so much about myself and how my actions affect others. In Key Club, I wanted to always be the best version of myself.

I was incredibly honored to have had the opportunity to attend Key Leader. This experience has taught me so much about growing as a person and as a leader, with informative and inspirational workshops and presenters!

Inclusiveness

One of the reasons I fell in love with Key Club to begin with is because of its commitment to inclusiveness. No one is left behind in this club, and everyone is open to becoming friends with everyone! I strove to be an open person that was friendly and approachable, and wanted to meet as many people as I could!

As a Key Clubber, I have had many experiences where I would see another member alone and with no one to hang out with. I made it a goal of mine to personally reach out and befriend all of these members, so that they feel welcome wherever they are!

Commitment to Core Values

Caring

Every day is a new opportunity to help someone in need. Personally, caring is the Core Value I keep closest to my heart, for I feel that it is incredibly important to remember to care for those around you.

As club secretary, I exhibited Caring by helping my fellow officers in any way I could, always offering guidance to the underclassmen in my home club, and of course, attending as many service events as possible!

Leadership

I am so fortunate to have been able to grow as a leader in Key Club. Throughout my journey I have learned so much about what it means to be a servant leader in my community. Through Key Club I have met so many inspiring individuals that all push me to be a better leader than I was yesterday.

As an officer, there were many instances throughout the year in which I had to demonstrate effective leadership. One instance is when I had to lead a local service event to ensure it would run smoothly.
