POLICY, INT'L BUSINESS, & ELECTIONS (PIE) CHAIR MESSAGE

Hello, California-Nevada-Hawai'i Key Clubbers!

Welcome to the **80th** annual **California-Nevada-Hawai'i District Convention** in **Ontario, California**! My name is Carolyn Kao, and I am honored to serve as your Policy, International Business, and Elections (PIE) Chair.

District Convention is not only a time to celebrate the incredible achievements of the past year, but also an **opportunity to connect** with Key Clubbers from across the California-Nevada-Hawai'i District. I encourage you to fully embrace the weekend's activities—from **engaging workshops** and **inspiring speakers** to **unforgettable performances**. Each experience is a chance to create lasting memories and grow alongside fellow leaders from across our district. Step **outside your comfort zone** and make the most of every opportunity that comes your way. A magical adventure awaits, so get **tangled in service!**

To our Delegates, you have the important and exciting responsibility of **electing the next leaders** of the California-Nevada-Hawai'i District for the 2025-2026 term. Your vote will determine the next **Governor, Secretary, and Treasurer**, as well as the candidates our district will endorse for **International Office**. Remember, your vote represents the **interests and values of the club you serve**. Before casting your ballot, be sure to thoroughly review the campaign materials in this booklet, including each candidate's **Profile** and **Literature**. I also encourage you to watch the **Candidate Promotional Video** on the CNH YouTube Channel to gain additional insight into the candidates.

These resources provide valuable information about each candidate's platform and qualifications. Use them to craft thoughtful questions to ask during the **Candidate Meet and Greet** and **Caucus** session. An informed delegate is an effective delegate. Remember, **an educated delegate is an effective delegate**.

The PIE Committee hopes this booklet will serve as a helpful guide in your decision-making process. If you have any questions, comments, or concerns, please don't hesitate to reach out.

Thank you for your dedication to service and leadership in the California-Nevada-Hawai'i Key Club District. I hope you have an unforgettable experience at District Convention 2025!

Supplying Slices of Pie,

Carolyn Kao
CNH Policy, International Business, and Elections Chair (2024-2025)

GENERAL INFORMATION

DELEGATE REGISTRATION

Every club attending District Convention is **required** to **register delegates**. There may be up to **two (2) delegates** per club.

Delegates must check in at the **Delegate Registration Booth** in order to receive a wristband. Wristbands must be worn for entry into the House of Delegates. The Delegate Registration Booth will be open during the following times:

- **Exhibit Hall Pre-Function**
 - Friday, April 25th, 2025 | 2:30 - 7:00 PM & 10:45 - 11:15 PM
 - Saturday, April 26th, 2025 | 10:30 - 11:00 PM

AMENDMENT #2

To assist in identifying the office that each candidate is seeking, **colors have been assigned to each position**:

GOVERNOR: YELLOW

TREASURER: GREEN

SECRETARY: RED

INT'L ENDORSEMENT: BLUE

CANDIDATE MEET & GREET

As a delegate, it is **highly recommended** that you attend the Candidate Meet & Greet. During this event, you will be able to **personally engage with each of the candidates** running for a District Executive position or for International Endorsement.

Use this time to learn more about their platforms, ask questions, and get to know each of the candidates before casting your ballot during House of Delegates. Your vote makes a significant difference.

An educated delegate is an effective delegate, so use this opportunity to your advantage!

- **Rooms 202A & 202B**
 - Friday, April 25th, 2025 | 2:30 - 4:30 PM

It is recommended that you look through this booklet in order to formulate insightful questions for each candidate to ask during this time. Sample questions are listed as references on the next few pages.

CAUCUS PROCEDURE

CAUCUS OVERVIEW

A Caucus session involves each District and International candidate **delivering a speech outlining their objectives**. Following each speech, candidates will **address questions from members**. Candidate will receive the same amount of time allocated to present themselves. All candidates running for District Office or International Endorsement will appear in the Caucus Session during their designated time.

CAUCUS INFORMATION

Arriving early is crucial, as the Caucus session will commence promptly. The role of moderating Caucus will be assumed by the Policy, International Business, & Elections (PIE) Chair, with members of the PIE Committee acting as assistants.

The PIE Committee Mentor will serve as the adult moderator, supporting the PIE Chair in maintaining order. These moderators will be responsible for timing the candidates and determining the appropriateness of questions.

- **Exhibit Hall A**
 - Saturday, April 26th, 2025 | 8:00 AM

CAUCUS ETIQUETTE

Candidates must not be touched, requested to consume any substance, or encouraged to engage in any **inappropriate behavior**. There should be no throwing or launching of objects by any means during the Caucus session. Any form of rude behavior will be met with zero tolerance.

Individuals are **not permitted to enter or exit the room while candidates are present**. This is only allowed during the designated breaks or transition times. However, it is recommended that you refrain from doing so until the Caucus session concludes.

HOUSE OF DELEGATES PROCEDURE

HOUSE OF DELEGATES OVERVIEW

At the House of Delegates, candidates will deliver their **final statements by responding to a set of questions from the current position holders**. Following this, delegates will cast their final votes by ballot for their preferred candidate. Delegates may only vote for **one (1) candidate**.

NOMINATING CONFERENCE

If there are **more than two candidates** for District Office, International President endorsement, or International Vice President endorsement, **or more than four candidates** seeking International Trustee endorsement, a **Nominating Conference will be conducted**.

Candidates will be presented and voted on in the specified sequence: Governor, Secretary, Treasurer, and International Endorsement. **No speeches or questions will be given during this process.**

Following the Nominating Conference, **two final candidates** for each Executive position and a maximum of **four endorsement candidates** will be **listed on the final ballot**.

INTERNATIONAL ENDORSEMENT

A district can endorse one candidate for the office of International President or International Vice President and up to two candidates for the office of International Trustee. If there is only one candidate for endorsement, delegates will vote "yes" or "no" for endorsement.

SPECTATORS

A **spectator section** for non-delegate members and adult chaperones will be provided. Spectators may **not** sit with or talk to the delegates, nor take part in the process. **Silence** must be observed at all times.

What makes you stand out as a candidate for the respective position that you are running for?

As a candidate for District Governor, I bring a unique combination of leadership, passion, and dedication that sets me apart. I am an outgoing individual who thrives on building strong connections, fostering teamwork, and inspiring those around me. My ability to communicate effectively allows me to unite members, ensuring that every voice is heard and valued. I believe that a strong leader is not just someone who speaks but someone who listens, understands, and takes action to create a supportive and inclusive environment.

I am a risk-taker, unafraid to challenge the status quo to bring about meaningful change, which is exactly what we need to grow as a District. I am committed to pushing boundaries, exploring new opportunities, and innovating ways to improve our service and leadership initiatives. My leadership is rooted in respect—I command it not through authority but by leading with integrity, empathy, and a relentless drive to uplift others. I believe in bringing out the best in people, empowering them to realize their full potential while working toward a shared love of service.

Beyond my dedication and passion, I strive to make leadership enjoyable. Service should not only be impactful but also fulfilling and inspiring. I care deeply about the well-being of those I serve, ensuring that members feel supported, motivated, and connected to a greater purpose. With my strong sense of responsibility and unwavering commitment, I am ready to lead CNH Key Club to new heights, strengthening our District and leaving a lasting impact.

What defines a truly meaningful contribution to service in Key Club? How have you strived to embody those principles in your contributions?

A truly meaningful contribution to service in Key Club goes far beyond simply fulfilling hours—it's about creating a lasting impact on individuals, homes, schools, and communities. It means serving with purpose, compassion, and dedication, ensuring that each act of service fosters positive change. A meaningful contribution is one that not only addresses immediate needs but also inspires others to continue the cycle of serving and giving.

I have strived to embody these principles by approaching service with a mindset of impact rather than obligation. I actively seek opportunities where my efforts can make a real difference, whether it's leading service projects that address community needs, helping fellow key clubbers, or creating an inclusive environment where everyone feels empowered to contribute. I take pride in bringing out the best in others, encouraging them to find passion in service and step into leadership roles themselves.

Additionally, I believe that meaningful service is about connection—understanding the people we serve and fostering relationships that go beyond a single event. Whether it's engaging in conversations with those we help or ensuring that each project is executed with heart and intention, I strive to make service more than just an action—it's a commitment to bettering the world around us.

Through my dedication, leadership, and passion, I have worked to ensure that my contributions to Key Club leave a lasting impact, inspiring others to serve with the same sense of purpose and heart.

What makes you stand out as a candidate for the respective position that you are running for?

Being a District Governor calls to empower your leaders, giving them a platform to rise to the best version of themselves. Throughout my term as Lieutenant Governor, I've had the opportunity to assist with numerous behind-the-scenes details that have played a key role in ensuring the success of others' experiences. Making over twenty division shirt designs, leading the Fall Rally Media Team at FRS, and assisting the DCON chair with promotional material as the liaison of my committee, all of these mini passions of mine have pushed me to help this organization in every way possible. Not only that, but these accomplishments have also taught me valuable lessons about my character and leadership- how I can utilize my skills to better myself and the world around me.

With my experience in supporting my fellow Lieutenant Governors, officers, and leaders, I assure you that I will bring this district to heights unknown. I want to be a pillar of support and stability for every face in the district. With every stone thrown at me, my passion for this organization only grows stronger. As district governor, I will encourage each member to transform their dreams into realities, qualities into opportunities.

One of the most impactful quotes from my term has been: "Painting the path of service." This path I've carved has not just been about accomplishments-it's also been about self-discovery and growth. Through thick and thin, together, let's explore new horizons the world has yet to see.

What defines a truly meaningful contribution to service in Key Club? How have you strived to embody those principles in your contributions?

Creating a lasting, positive change on someone's life truly defines service. Service is fueled by a desire to make an effective impact, and it can manifest into different forms, ranging from physical work to emotional support. Through service, we witness how every action contributes to healing our world.

Of the 13,695 photos in my gallery, about two-thirds came from my time as Lieutenant Governor. As I look back at each photo, I recall the moments when I paused, pulled out my phone, and thought, "I hope I can look back on this and remember today's efforts."

One of these photos was of me smiling next to pipe cleaners flowers I've made to contribute to the YES! Initiative. My bright smile and the sixty dollars I raised that day were the direct result of my commitment to service. In just this one example, I've encouraged countless others to start their own craft projects to strive for our cause. Since I've stepped into Key Club, I knew this was the goal of my journey; to be the start of change. Whether it be in-person crafts for service weeks, or inter-region volunteer events, I promise to create opportunities for our members to have their own "I accomplished this" moments. Moments where they're proud of their contributions, ones that will encourage others to also give their efforts to helping the community. Then, with hope and ambition, this cascade will create a ripple to a brighter future for CNH.

CHARLIZE LIN

What makes you stand out as a candidate for the respective position that you are running for?

The primary trait that makes me stand out as a candidate is my experience. Key Club has provided me with numerous experiences and allowed me to grow through the years and each year prepared me for more responsibility. In 2023 as club secretary, I learned the ins and outs of the Monthly Report Form (MRF), Member Recognition Program (MRP), and Annual Achievement Report (AAR), helping my home club to get the honor of diamond distinguished status. In 2024, I was elected Lieutenant Governor for D22 Makai, and I learned the skills needed to manage multiple clubs. By communicating with club presidents and secretaries to complete their MRF, providing AAR

feedback to clubs in need of assistance, and working with clubs to help them reach their goals and improve from last term. I was also able to see what works and what doesn't. I learned a lot of the challenges clubs in my division face and how to overcome them. I will utilize the strategies I used in my division, and share them with the clubs in the CNH district. Notably, I want to provide more effective communication, through a Secretary Monthly Series, which will cover common MRF mistakes, how to maximize AAR points, and how to submit a quality MRFs every month. In addition, I'd like to focus on the training of all LTGs, giving them effective training with the MRF and AAR, so they can pass their training and understandings of the MRF and AAR along to their division.

What defines a truly meaningful contribution to service in Key Club? How have you strived to embody those principles in your contributions?

There are five types of service we can provide, the most meaningful of which is direct service. This allows our members to interact with the people they're serving. Every project makes a difference but being able to see the people with whom you make a difference is an incredibly special feeling and it reminds you of why we do what we do.

Two projects that stand out to me are my local County Easter Egg Hunt and our Key Club's Sumoto Sister City Exchange. During the County Easter Egg Hunt last year, I helped both with stuffing the eggs full of candy and on the day of the event by scattering eggs and assisting the hundreds of students there. Each student was smiling and enjoying themselves. It made me feel amazing to know that I had an impact in helping prepare and run an event which had brought joy to so many young people. I had a similar feeling when I hosted two students from Sumoto, Japan, as part of our Sister City program. Helping to plan activities for them, learning about our differences and similarities across cultures, and most importantly seeing how I made a difference in their lives, was a rewarding feeling for me. I'd leave both projects knowing I made a difference and remembering what Key Club is about: service to your home, school, and community. I'm incredibly grateful for these moments and I hope every Key Clubber is able to enjoy these feelings and experiences.

What makes you stand out as a candidate for the respective position that you are running for?

I have conquered procrastination. Admittedly, at the beginning of navigating responsibilities I would put many things off until later. It was so easy to leave tasks for tomorrow, but after joining Key Club and serving on my division's leadership team for two years, I have learned the necessity to do the hard things first. I never wanted to feel that stressed again, so after reflection, I implemented changes in my schedule to make sure my procrastination tendency would be defeated. As Division Secretary, I learned to set firm deadlines for myself, turning in my Division's Monthly Report Form (DMRF) on time, if not earlier. Moreover, I

specialized in directly reviewing 14 club MRF's, communicating with club secretaries to encourage their on-time submissions, provided tips that improved their clubs, and successfully navigated the complex tabs of the MRF. While challenging, this experience played a pivotal role in how I was able to serve my community while balancing leadership responsibilities. Having directly worked with MRF's for the past two years, I can apply this experience effectively as District Secretary. With my time-management skills, knowledge on a secretary's duties, and ability to constantly improve myself, I can confidently say I would flourish in this position.

What defines a truly meaningful contribution to service in Key Club? How have you strived to embody those principles in your contributions?

The wildfires ravaging Los Angeles County affected my loved ones, my division, my region, and so many other innocent people. As a result, Division 35 West's January Division Council Meeting (DCM) transformed into an opportunity for creating care kits, gathering donations, and collecting clothing to give back to our community. Even these simple actions relieved the many expenses of life. It illustrated tangible action when it was directly needed. What amazed me was not just my division aiding for this issue anymore. After we posted awareness, I saw other divisions gather together to host events for those affected by the wildfires. Just like how I noticed once our division spread awareness about these issues, others followed suit; a truly meaningful contribution to service is being able to identify a certain issue and work to improve it. Taking action to serve and making an impact in Key Club inspires others to do the same. I strive to lead by example and work towards service that directly assists in people's lives. By encouraging others to attend these events, I led my club to serve over 4,000+ hours (excluding online events) and encouraged higher participation among members. However, service hours these aren't just numbers, they represent the committee for helping others. They embody a passionate love for service I continue to share with others. Service transforms not only those receiving help but also those giving it. I am thankful for the community Key Club fosters, and hope to inspire others to serve.

What makes you stand out as a candidate for the respective position that you are running for?

"Don't you think maybe they are the same thing? Love and attention?" This quote from the movie Lady Bird perfectly encapsulates my perspective on leadership. My love for service, leadership, and Key Club is what truly sets me apart from other candidates. As District Secretary, attention to detail is crucial; ensuring every MRF cell is accurate, every club is recognized, and every Lieutenant Governor receives the support they need.

I first recognized my keen attention to detail during my final Rose Float Decorating shift, twenty-six hours straight in fifty-degree weather, fueled by three energy drinks and my unwavering love for Key Club. Despite being mildly delirious, I ensured each blueberry I glued had the perfect size, shape, and placement. That same passion I had for those blueberries is what drives my commitment to ensuring no member feels left behind.

By being an active listener, I can identify areas that need support and take immediate action. Whether at the district, division, or club level, I will be a pillar of support, ensuring our organization thrives through both love and attention.

What defines a truly meaningful contribution to service in Key Club? How have you strived to embody those principles in your contributions?

Impact is what defines truly meaningful contributions to service. Whether it's influencing yourself, your peers, or the broader community, the essence of service lies in the positive change it brings. Service is more than just volunteering—it's a gateway to self-discovery and a deeper understanding of the world around us. It ignites passion, broadens perspectives, and fosters empathy. Through service, we become more aware of the struggles within our communities and gain the ability to make a difference, no matter how small.

Beyond personal growth, service has the power to uplift those around us. When individuals come together to serve, they cultivate an atmosphere of kindness and positivity, creating ripples of change that extend far beyond a single event. As Lieutenant Governor, I have strived to embody these principles by organizing service events that not only address community needs but also engage members in meaningful and enjoyable ways. Whether it's through hands-on events like handing out water cups at marathons or crafting jewelry to donate, I ensure that service remains a rewarding experience that members look forward to. By making service fun and fulfilling, I hope to inspire others to continue giving back, proving that the most impactful contributions are those that leave a lasting impression on both those who give and those who receive.

What makes you stand out as a candidate for the respective position that you are running for?

Resilience. Our district has many opportunities for all members, but we need a district treasurer who is able to bring new ways to serve the community. When you can persevere through challenges, you can overcome any problem and push your boundaries into new horizons. And this is exactly what I believe being the district treasurer needs. Being the district treasurer is not just keeping track of funds but also making sure that we as a district make an impact

through our fundraising efforts and campaigns.

Coming from an immigrant background where I had to learn the English language quickly, I became a resilient individual, better at handling the problems faced. As your next District Treasurer, I will maximize the efforts in order to bring change and impact through our passionate members. Another quality that distinguishes me is the ability to listen and think critically. This helped me understand how we, as a team, can bring on positive change within the district. The great size of the CNH District brings its own problems with transparency and accountability, so instead of implementing district-wide policies, we need to start from the top of the district—our members. From member education to transparency in fundraising to being approachable, we have many aspects in which we can develop. Working on these multiple areas is how we can be resilient in the face of challenges, pushing us to grow into new horizons.

What defines a truly meaningful contribution to service in Key Club? How have you strived to embody those principles in your contributions?

Unity through serving the community is one of the main pillars I strive to live by as a Key Club member. Service is not just about completing hours at the local food bank or organizing a fundraiser, but it is the impact that you bring and the dedication you offer. From being a timid Key Club member to serving as Thirst Project Champion, I saw how serving the community brings us together as a big family. My home division—division 36 North—is grand in size, and many members are not able to attend most events hosted, but when it comes to service events, all members have a passion and dedication for making their community better. No matter the service event, it brings members together. As a member, my flame would spark when I would wake up at 8 AM every Sunday morning to volunteer at the local Food Bank, and now, as a key club leader, it is those values that I treasure the most, where members come together to give back to their community as a family. Coming from a divided country, I found solace in serving those around me and giving me a sense of belonging in a community. My journey of growth taught me that it is not only the big events that count for service, but the little things too; whether it is making someone smile or holding the door open for others, service is the impact and dedication we give back to the community.

2024: Division 7 North Leadership Team Member of the Month

What makes you stand out as a candidate for the respective position that you are running for?

I was shy and insecure when I initially began my freshman year, not wanting to pursue any leadership role. However, my club president saw potential in me and encouraged me to venture out of my comfort zone and assume the role of vice president even though I was afraid of putting myself out there. Initially, I was intimidated by the responsibility and questioned whether I could rise to the challenge. But over time, that experience transformed me.

Being a vice president was a experience that taught me to manage duties, communicate to others, and lead with certainty. I shortly found that growth from occupying the position was priceless and opened up my eyes towards leadership and serving others. This experience allowed me to become more involved, to be proactive, and to believe in myself, something that I didn't think I would ever be capable of doing in my first day as a freshman.

That exercise of faith made me a stronger and more capable individual, and it fueled my passion for leadership and service. It also informed me on the importance of accepting challenges, even when they seem overwhelming. This experience has inspired

me to run for District Treasurer, and I am ready to use lessons learned to serve and motivate others on a larger scale.

What defines a truly meaningful contribution to service in Key Club? How have you strived to embody those principles in your contributions?

A meaningful service contribution in Key Club is not merely about getting volunteer hours or checking off a box for college applications. It's about making an impact on a person's life, making a memory that they hold on to long after the service event is over. The spirit of service is empathy, relationship, and dedication to making others' lives better. Whether it's helping a local family in need, organizing a community event, or simply offering a smile to someone having a tough day, these actions leave an imprint on people's hearts.

Throughout my time in Key Club, I've strived to embody these principles by focusing on the true essence of service: making a difference, no matter how big or small. I have worked on projects that do not just aim to fill a need but to bring people together and leave them with a feeling of hope and optimism. When I organize fundraisers or outreach events, for example, I always insist on the importance of person-to-person contact, recognizing that the bonds we form and the care we show are as important as the help we provide.

For me, service is not as much what I receive, but what other people receive from the experience, memories that other people take with them and treasure years after the project is finished, encouraging change and gratitude along the way. That's my definition of meaningful service, and that's the difference that I try to make in every project I do.

FOR DISTRICT TREASURER

WHAT IS BUZZING CNH!

My name is Katelynn Nguyen and I am honored to potentially be your next District Treasurer. During my time in Key Club, I have witnessed incredible personal growth in myself from the people I've met, the events I've planned, and the obstacles that I've faced. I never realized the impact this organization had on so many individuals until I dug deeper and saw the thousands of people, from children to elders, who have been positively affected. I hope to make a lasting impact and give everyone in this organization a joyful experience like I had.

Benevolence

Anything can be accomplished if approached with kindness. As District Treasurer, being kind and welcoming will encourage members to ask questions whenever needed so that they can feel comfortable in their positions. This will foster the growth of our district and allow us to build a sense of community throughout California, Nevada, and Hawaii.

Engage

Member engagement is crucial in fundraising for the district. To do this, I will provide fundraising ideas and opportunities to clubs that are fun and easy to plan. I also plan to utilize social media such as Instagram and Tiktok because many key clubbers can easily access those resources.

Assist

Throughout the term, I will assist officers with dues and fundraising through consistent trainings and core calls. Also, my emails will provide sufficient resources for officers to utilize in their clubs, such as manuals and videos. In addition, I will respond to questions as quickly as possible and make sure to answer them with specific details to ensure full understanding.

Communication

Communication is KEY to success, so I will send out monthly emails consistently to clubs, with reminders on what should be done and resources to help. I will also make sure to communicate with Lieutenant Governors so that everyone is on the same page, and so that they can share their knowledge to their clubs.

Healing

Although our district is in a rough position right now, I will make sure to put every inch of my passion and sacrifice my time to ensure that CNH will continue to prosper and flourish like it has in the past.

What makes you stand out as a candidate for the respective position that you are running for?

I stand out as a candidate for the position of District Treasurer because of my perspective and authenticity. I've personally dealt with the struggles that many divisions in CNH are facing now, such as membership retention and lack of training. The experiences that I've gone through as a Lieutenant Governor from a struggling division have shaped my perspective on what being a leader truly means. Anyone can have the title of a leader, but not everyone can embody it. Anyone can promise that they'll achieve the goals they set and carry out the plans they make, but not everyone will do their best to bring their words to life because they genuinely care. Although many people want a title or hundreds of service hours, I truly believe that we can directly help our communities through fundraising and service. Coming from a small division and widespread region, I often felt disconnected from the district and sometimes even my own region, but what has made me feel more connected to all the parts of our district is our collective impact. However, we need dedicated members to keep being able to help our

communities. I know that to tackle the issues that we have in terms of membership and finances, there are so many different factors involved, and I want to work with the rest of the District Board and our Kiwanians in order to do more to ensure the future of CNH Key Club is a bright one.

What defines a truly meaningful contribution to service in Key Club? How have you strived to embody those principles in your contributions?

Truly meaningful contribution to service—not just in Key Club, but always—comes from our genuine actions. Every day, we take so many different actions, and they can have the power to affect others positively or negatively. Although we may not always personally see the impact, we still use our free time to go to service events and make paper cranes to give someone out there even just a little bit of hope—why? Because we want to help others. Service isn't just fulfilling for the person who it impacts, but the one who impacts. Even while I made the transition from Builders Club to Key Club, I thought that the only way I could really impact my community was by volunteering on the weekends and serving people in-person. However, after becoming a Lieutenant Governor, I quickly realized that talking with or complimenting a previous, new, or returning member was just as impactful as serving food for hours, and I realized it again when I was overjoyed that someone I had met at a service event one time remembered my name. Taking time out of your day and putting in the effort to consider others can be the most meaningful action to someone else even if they don't verbalize it. Keeping this in mind, I've made sure to do my best to disregard my own discomfort in order to try and help people feel welcome, even if it doesn't always work out.

SHAIANNE RELUCIO

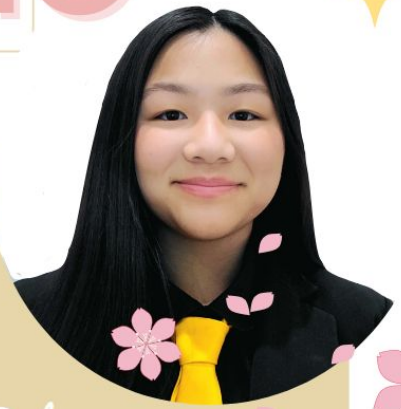

for district treasurer

My name is Shaianne Relucio, and I am unBEElievably honored and excited to be able to share my ideas with the CNH district! My experiences in the **Kiwanis Family**, especially as a Lieutenant Governor, have helped me **find** a purpose through service. I hope to help the rest of our district **shine** as your next District Treasurer!

GOING FOR GOLD,

Shaianne Relucio

Kiwanis

Connections with our fellow Kiwanis Family branches are invaluable to our mission. By providing a way for younger students to participate in service, we ensure that there will be **future leaders in CNH**. Additionally, I want to work with Kiwanis Advisors in order to maintain transparency with the rest of the district since they're our biggest supporters.

Attentive

In order to help all the different clubs in CNH, I will be attentive. By utilizing **feedback forms** and **personal training calls**, I'll ensure that officers on all levels can reach out to me and know that their voice will be heard. I'll also take into consideration issues like inflation and the individual needs of each club since each is **unique**.

Retention

In the past years, our membership, service hours, and fundraising have all declined. In order to combat these issues, we need to focus on **membership retention**. By **training** officers better, **recognizing** members, and **educating** CNH on the benefits of being dues-paid, we can raise our numbers to what they once were.

Accessible

It can be difficult for divisions in **low-income areas** to fundraise. Funding makes events **accessible**, but **fundraising** itself needs to be accessible first. By **compiling resources** with more specific and diverse fundraisers that many different clubs can utilize, we can raise more for our preferred charities.

Together

The only way we can be successful is if **every club in our hive** works **together**. By fostering relationships with treasurers and LTGs, they can better serve their clubs and make our district stronger. I'll ensure education about the MUC and dues payment is a top priority so we can **grow**.

What makes you stand out as a candidate for the respective position that you are running for?

Charisma. I believe I encompass a unique sense of confidence while being easily approachable—serving as a magnet for our district. As a leader, I always tell my friends and members that “embarrassment is afraid of me”, and that I’m always willing to try thrilling, yet discomforting things. One Key Club event perfectly captures this mindset: While volunteering at my home school to clean trash during lunch, I stood on a cafeteria table in front of 200+ students, yelling “EVERYONE LISTEN UP!” and encouraging students to pick up their trash. As Division 16 West’s Lieutenant Governor, I’ve found that having this confident personality has allowed me to socialize with members more easily and effectively; I always try to find a common link between members and me, which makes them more willing to attend events. This confidence and relatability is essential for the role of

District Treasurer, as they need to be able to excite members to pay dues and fundraise for our preferred charities. While also being charismatic, I believe I possess an astute balance with professionalism as well. I can distinguish different situations and the attitude that should be presented extremely quickly. This will assist in having more professional conversations regarding the CNH District Budget, or being strict on clubs who are paying dues late. As your District Treasurer, I will strive to use my charisma to build close relationships with our treasurers and members, while maintaining a balance between professionalism to ensure our district thrives financially and collaboratively.

What defines a truly meaningful contribution to service in Key Club? How have you strived to embody those principles in your contributions?

A truly meaningful contribution to service in Key Club is being able to provide for those who truly deserve it and benefit from OUR assistance. All of us CNH members are bound by our desire to SERVE our communities because our organization leaves lasting impressions and makes people feel seen. One of my most rewarding experiences was volunteering at the Ronald McDonald House, where I had the opportunity to cook and serve meals for 50+ families caring for their sick children. We spent six hours preparing pasta and chicken tenders, and although simple, the gratitude expressed by the families made it all worth it. Seeing the children’s faces simply smile when giving them their food, knowing it would provide them with a moment of peace during such a difficult time, felt like a small but extremely meaningful moment of TRUE service. As an LTG, I’ve worked to instill the same mindset of meaningful service within my division. I’ve emphasized the importance of quality over quantity, encouraging my small but mighty 6 clubs to think deeply about how their service projects can have a lasting impact on our community. As your District Treasurer, I would closely oversee the Service Projects committee to ensure we prioritize service where our members can make the most meaningful impact. I promise to ensure that every fundraiser and service initiative leaves a lasting impression—because true service isn’t just about the hours we log, but the lives we touch.

TAYE SANGKHAE

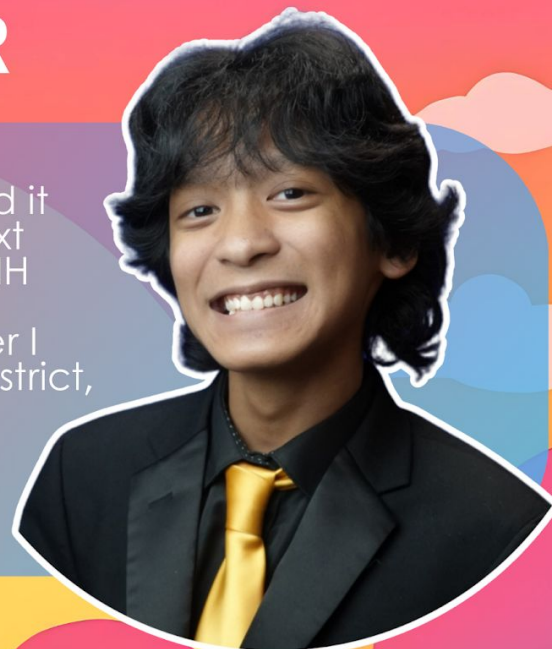

FOR DISTRICT TREASURER

BUZZ BUZZ CNH! My name is **Taye Sangkhæ**, and it would be the biggest honor to serve as your next **District Treasurer** for the 2025-2026 term! What makes you stand out as a candidate for the respective position that you are running for?

Passion is a value I uphold in my day-to-day life, and it is what makes me a strong candidate for Key Club International Trustee. While it may be a single word, to me, it embodies the very essence of leadership. A true leader is not defined by their title but by the energy, dedication, and impact they bring to their role. My passion for Key Club fuels my commitment, confidence,

and, most importantly, my unwavering desire to serve others selflessly. When you are truly passionate about something, you devote your time and effort not out of obligation, but out of a genuine love for service. As a leader, I strive to inspire those around me, fostering teamwork, perseverance, and enthusiasm in everything I do. My belief in Key Club's mission empowers me to uplift others, ensuring that every member feels valued and heard. Moreover, my passion creates resilience. Leadership comes with challenges, but I view obstacles as opportunities to grow and improve. My unwavering commitment pushes me to go above and beyond, ensuring that I am an accessible and effective leader. Whether it's strengthening communication, expanding resources, or amplifying member voices, I will dedicate myself to making a tangible impact. I am running for Key Club International Trustee because I don't just want to lead. I want to inspire, uplift, and serve. My passion drives me, and I am ready to bring that same dedication to this position.

What defines a truly meaningful contribution to service in Key Club? How have you strived to embody those principles in your contributions?

A truly meaningful contribution to service in Key Club goes beyond simply volunteering; it is about serving with intention, impact, and heart. Service is not measured by the number of hours you log or the recognition you receive, but by the difference you make in the lives of others. It means being fully present, giving selflessly, and ensuring that your efforts create lasting change. Before you can give 100% to your community, you must first ensure that you are personally committed to the values of service, compassion, and leadership. I have always strived to embody these principles by approaching service with genuine passion and dedication. For me, service is not just about showing up; it's about going the extra mile to create meaningful change. Whether it's leading projects, mentoring fellow Key Clubbers, or advocating for important causes, I focus on ensuring that my contributions leave a lasting impact. I actively seek opportunities to address real needs in my community, whether through hands-on volunteer work or developing initiatives that empower others to serve. Beyond direct service, I work to inspire others to find their own passion for giving back. True service is not about individual effort; it's about fostering a culture of kindness, teamwork, and dedication. By leading with heart and uplifting those around me, I strive to make each act of service not just meaningful, but transformational.

TYLER M♥RAN

for INTERNATIONAL TRUSTEE

WHAT'S POPPIN' CNH!

My name is **Tyler Moran**, and I am honored to be asking for **YOUR endorsement** for **Key Club International Trustee**. Throughout my journey within the Kiwanis Family, I have been enabled with the experiences to **transform myself** as both a leader and a person. I am ready to give this final year my all, and serve from my **HEART** to ensure we strengthen the foundation for **another century of this organization**.

As a **trustee**, I promise to uphold a **culmination** of my values and the values of our organization to ensure a **legacy of impact** and **innovation** for **generations to come**.

With LOVE, 

Serving from the...

umanitarianism

Highlighting the **impact** of Key Club International's **preferred charities** helps **drive meaningful promotional initiatives** by showcasing real, measurable results. Emphasizing this **reinforces our mission of service**. I will add resources to further educate members about these causes in my **"Key Club 101" Drive**, **catered** to each District in my pairing.

volve

Key Club is **ever-changing**, and to continue growing, we must **adapt** and **innovate**. My goal is to expand accessibility and engagement **across all districts** by **enhancing** digital platforms, and providing leadership development opportunities. By evolving our approach, we can ensure **every Key Club member feels empowered to make an impact**.

ddress

We **must address** resource accessibility, member engagement, and communication gaps. **Streamlining resources** will help clubs and districts **access information faster**, while **new strategies** will better **connect** members. **Strengthening** communication at **all levels** will keep leaders, officers, and members informed and engaged.

relations

I want to further **build connections** with my **District Pairing**, through an increase in communication. By implementing **weekly to bi-weekly emails** on top of the **Monthly Trustee Newsletter**, along with that doing **quarterly calls with Lieutenant Governors**, and **monthly ones with my District Governors**. Ensuring that communication is **KEY**, and that **bonds are built** with everyone.

ransparency

Transparency is **crucial for growth**. I will provide **regular updates** on international initiatives and projects, **encourage open forums** for discussion, and **share progress reports** on ongoing efforts. By **fostering a culture of openness**, members will have a **clearer understanding** of Key Club's goals and decisions at the international level.
