# MESSAGE FROM THE EDITOR

## What's Buzzin, Busy Bees?

The term is going by so quickly as we're accomplishing so many things. We still have LOTS to do so I hope you're enjoying this journey and waiting for many to come.

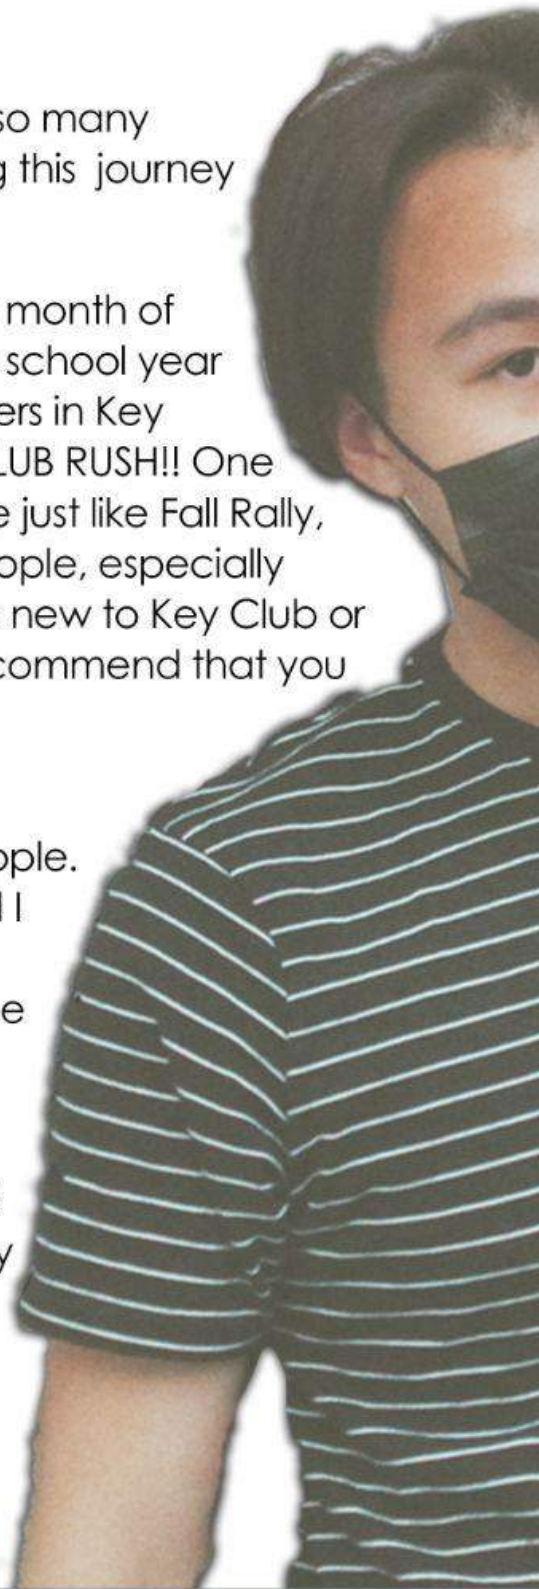

Welcome to the third issue of the District Newsletter! The month of August brings us many endeavors during this start of the school year such as amazing opportunities to welcome new members in Key Club. A new school year could only mean one thing! CLUB RUSH!! One of my favorite times of the term are club rushes because just like Fall Rally, we're able to be spirited! This is a great time to show people, especially underclassmen what Key Club is about! Whether you're new to Key Club or not, it's always a great time to try new things. I highly recommend that you all invite at least one new friend to this organization.

Over the last few years, Key Club has taught me many lessons and given me the chance to meet so many people. This made me realize how special Key Clubbers are and I really hope that you can show that to a peer of yours. Anyone can make a positive impact on the lives of those around them while serving their homes, schools, and communities.

Please remember to BEE the best version of yourself and enjoy every single moment that you have! Live for today so that you can build a BETTER tomorrow!!

## 4 | DISTRICT EXECUTIVE MESSAGES

### Greetings, CNH Bees!

Welcome to the month of August! As the summer is coming to an end, I hope you all enjoyed your break and are ready for the upcoming school year. Although all of us are excited to return in person, I know that many of us are also unsure or nervous about how we will personally transition back to normalcy. After all, going back to school and waking up at 7 AM or earlier each weekday is quite a jump from our summer sleep schedules and our previous Zoom-esque lifestyles. We are all experiencing this shift as a community together, so please reach out to those around you if you ever need help. Your own well-being and health is more important than anything.

With every new school year, the doors to new **opportunities and memories open**. Take advantage of this time to contribute to your clubs through serving the community and becoming more involved. We must work together to reverse our membership decline, and now is the best time to do so with the opening up of schools. Encourage those around you to join Key Club and share with your friends all the opportunities this organization has to offer. Our goal is to build a connected and caring community, and we need **YOUR** help to strengthen our district through your personal **member recruitment efforts**.

Thank you all so much for your service and dedication during this term so far. Please do not hesitate to contact me if you have any questions or just simply want to talk! I am always here for your support and willing to help with anything. Have a great start of your school year and stay safe bees!

**Dedicated to Service,**

**Amy Wang**

CNH District Governor  
dgov@cnhkeyclub.org

### What's Poppin', CNH!

For many of us, we are now transitioning from the school year and home learning to returning back to in-person! For all of you who have been following proper safety precautions here, to meet up with some of your friends. In addition, complete some in-person service projects around CNH, it is a relief to see service projects on-site again. With everyone's help to be able to get together!

On that note, I would like to thank all the efforts in service thus far in this term. CNH District has served a total of 16% increase in the amount of service hours in July. When viewed in comparison to our Hour Goal of **900,000 service hours**, we are 16% of our goal. While we still have a long way to go, as we all begin to transition back to in-person service, I am confident that we will continue our steady progress in reaching our goal.

I continue to be and will continue to be a part of service and leadership and encourage you to pick up the great work and if you have any questions, comments, or feedback, please come through email, Instagram, or social media. Stay buzzin', and hopefully see you soon!

**Servin'**

**Carter Kawaguchi**  
 CNH District Secretary  
[dsec@cnhkeyclub.org](mailto:dsec@cnhkeyclub.org)

With a new school year quickly approaching, I hope you all have had time to reset and relax to prepare for yet another crazy year! As we all head back to school please remember to stay safe, stay vigilant, but don't forget to make a new friend... and invite them to join Key Club! Always remember what made you fall in love with Key Club and use it to your advantage when recruiting new members, because you never know who you might inspire.

When talking about recruitment, we can't forget about dues!! Keep in mind that to be a member in good standing or to receive any recognition in Key Club, you **MUST** pay your dues. My advice is to start collecting dues early to ensure that your club can pay prior to the **November 1st, 2021** early bird deadline. I BEElieve that CNH can be 100% dues paid by **December 1st, 2021** if we are all proactive in the dues collection and payment process!

I am in awe of the passion for service shared amongst the members of CNH, you are all truly unBEElievable. Keep serving your homes, schools, and communities with love and aloha. Don't forget that I am always here to support YOU, so please don't hesitate to reach out to me. Stay safe CNH!!

With love, **aloha**, and service,

**Maya Oishi**

## HOW CAN YOU BE

### TAKE INITIATIVE

Being the first to step up may sound hard but taking initiative to do things will **build courage** for you in the long run. Soon, you can push others to do the same!

### SET EXAMPLES

To guide others, you need to be the **role model**. People will follow in your footsteps so make sure you setting a great example to those around you.

## A GOOD LEADER?

### BE DETERMINED

As you're aiming for change, **have passion and be determined.** You can't expect to make a difference if you have a bad mindset — which affects everything.

### BE OPEN-MINDED

When being a leader, you will have opinions but you have to know that **others will have opinion, too!** You just need to compromise to work together.

# KEY CLUB PARTNERSHIPS & EMPHASIS

## Major Emphasis

In 1946, the organization was challenged to build a program to bring together all Key Clubs and members to focus energies on making an international impact. This program is still followed today through the Major Emphasis: **Children: Their Future, Our Focus.**

To fulfill the Major Emphasis, Key Club International serves children in many ways. By working with Key Club International's partner organizations, Key Clubs serve children by aiding other organizations committed to serving children. Key Club International celebrates its three partnerships: UNICEF, March of Dimes, and Children's Miracle Network.

The Key Club service initiative is another element of the Major Emphasis and is created on a two-year basis. All of the hands-on service provided to children by Key Club International members is directed to a single area of need, to make a substantial impact.

# PREPARING FOR CLUB RUSH

## *communications & marketing committee*

### PROMOTING KEY CLUB

Key Club offers a variety of opportunities, therefore it is essential to emphasize what we have to offer such as

- service opportunities
- leadership opportunities
- opportunities to build leadership skills
- contribute to charities (MNT, PTP, CMN etc.),
- recognition (district awards)
- scholarships

### REACHING OUT TO MEMBERS

Reaching out to members is as important as promoting Key Club. Don't expect members to come to you because some members are shy, so it is important to reach out to them! You can text members and encourage them to join Key Club as well as explain to them what Key Club has to offer.

Remember to also be persistent! Members may hesitate to do things unless you encourage them and persist.

### MAINTAINING MEMBERS

Maintaining members is the most important part. Although gaining members is important, maintaining membership is a key component to having an active club. Some ideas to maintain membership is to:

- Have incentives for members
- Make meetings fun and entertaining (ex. make it informative with some jokes)
- Have member recognition so that they'll know that their work doesn't go unnoticed
- Be interactive with your members

# IDEAS & RESOURCES

## Ideas

Remember when promoting Key Club to think outside the box. Some ideas to use for club rush:

- Create overlays
- Give incentives
- Have a poster prepared ex. (trifolds)
- Heavily promote Key Club on social media platforms as well as to stay active on them.

# DISTRICT PROJECT

## "PROMOTING A HEALTHIER LIFESTYLE"

### What is it?

**Promoting a healthier lifestyle** includes surrounding yourself with positive energy and people. Additionally, being **self-conscious** allows you to maintain a better lifestyle. **Physical activity** such as exercising and eating also plays a role in the way we develop a healthy lifestyle. Doing what is best for you is **essential** in maintaining this lifestyle.

### Why should I help?

**Unhealthy lifestyles** can lead to an **increase in long-term diseases**. You can reduce the risk of becoming ill by taking care of yourself and spreading awareness. **Good health** has many **benefits** and can lead to stronger bones, a stronger immune system, and improves your mood. **Mental health** also plays a major role in your overall health and breaking the stigma surrounding mental health can help others! By helping, you can influence the lives of others in a positive manner.

### What can I do?

There are many ways that you can **contribute** or **support** the district project. Creating graphics and spreading awareness about healthy lifestyles is an excellent way to educate others and promote all important information. It is also important to maintain good relationships with others and socialize with others. Additionally, you can be involved with Erika's Lighthouse, an organization dedicated to **educating** and **raising awareness** about adolescent depression, **encouraging good mental health** and **breaking down the stigma** surrounding mental health issues. Find more information at [erikaslighthouse.org](http://erikaslighthouse.org)

# CNH FOUNDATION

## Cali-Nev-Ha Children's Fund

The CNH foundation has three primary goals: combatting pediatric trauma through the **Pediatric Trauma Program**, developing the future of children via **grantmaking**, and offering **scholarships and leadership training**.

*What is it?*

:

By being in **Key Club**, you are now a part of **CNH's service leadership program**! Although **PTP** is not one of our preferred charities, it is one of our **major emphasis charities**. Within the **Kiwanis family**, we **raise funds and awareness** for PTP and the CNH foundation

Some of the other opportunities and programs offered by the CNH foundation are the **YES initiative**, **Founder's Day**, **Hope of America**, **Rose Float Fellowship**, and the **William A Dunlap Fellowship** amongst other things.

**CAL-NEV-HA**  
**Children's Fund**

**Children's  
Miracle Network**

The **Children's Miracle Network(CMN)** is a non-profit organization that works to increase funds and awareness for over 170 children's hospitals. The Kiwanis family contributes to CMN by sponsoring fundraisers and service projects. All CMN contributions directly benefit hospitals, helping to purchase up-to-date equipment, train staff, conduct life-saving research, implement outreach programs, and provide healthcare for children whose parents can't afford to pay.

**March of Dimes** mainly focuses on raising awareness for prematurity and reducing the rate of premature deaths. Since 1960, Key Clubbers from all over have helped raised funds in hopes of eliminating birth defects. Every Spring, there is a **March for Babies** which is the largest event for March of Dimes!

# Who A Preferred

The **United Nations International Children's Emergency Fund(UNICEF)** works to provide for children's needs in primary health care, basic education, and safe water & sanitation. They focus on helping children survive from early childhood through adolescence. The Kiwanis Family donates through **Trick-Or-Treat for Unicef** and the **ELIMINATE project**.

The Kiwanis family previously partnered with UNICEF to combat maternal and neonatal tetanus through **the Eliminate Project**. By spreading awareness and raising funds, key clubbers protect the lives of mothers and babies all over the globe. While the Eliminate Project is no longer a preferred charity, we still encourage members to raise awareness.

## Are Our Charities?

The **Pediatric Trauma Program(PTP)** is NOT a preferred charity however it is a MAJOR EMPHASIS charity. The CNH Foundation established PTP in 1994 to reduce injuries caused by trauma and provide educational resources to local communities. The CNH Kiwanis family works to raise funds for PTP ensures that children live happy and safe lives.

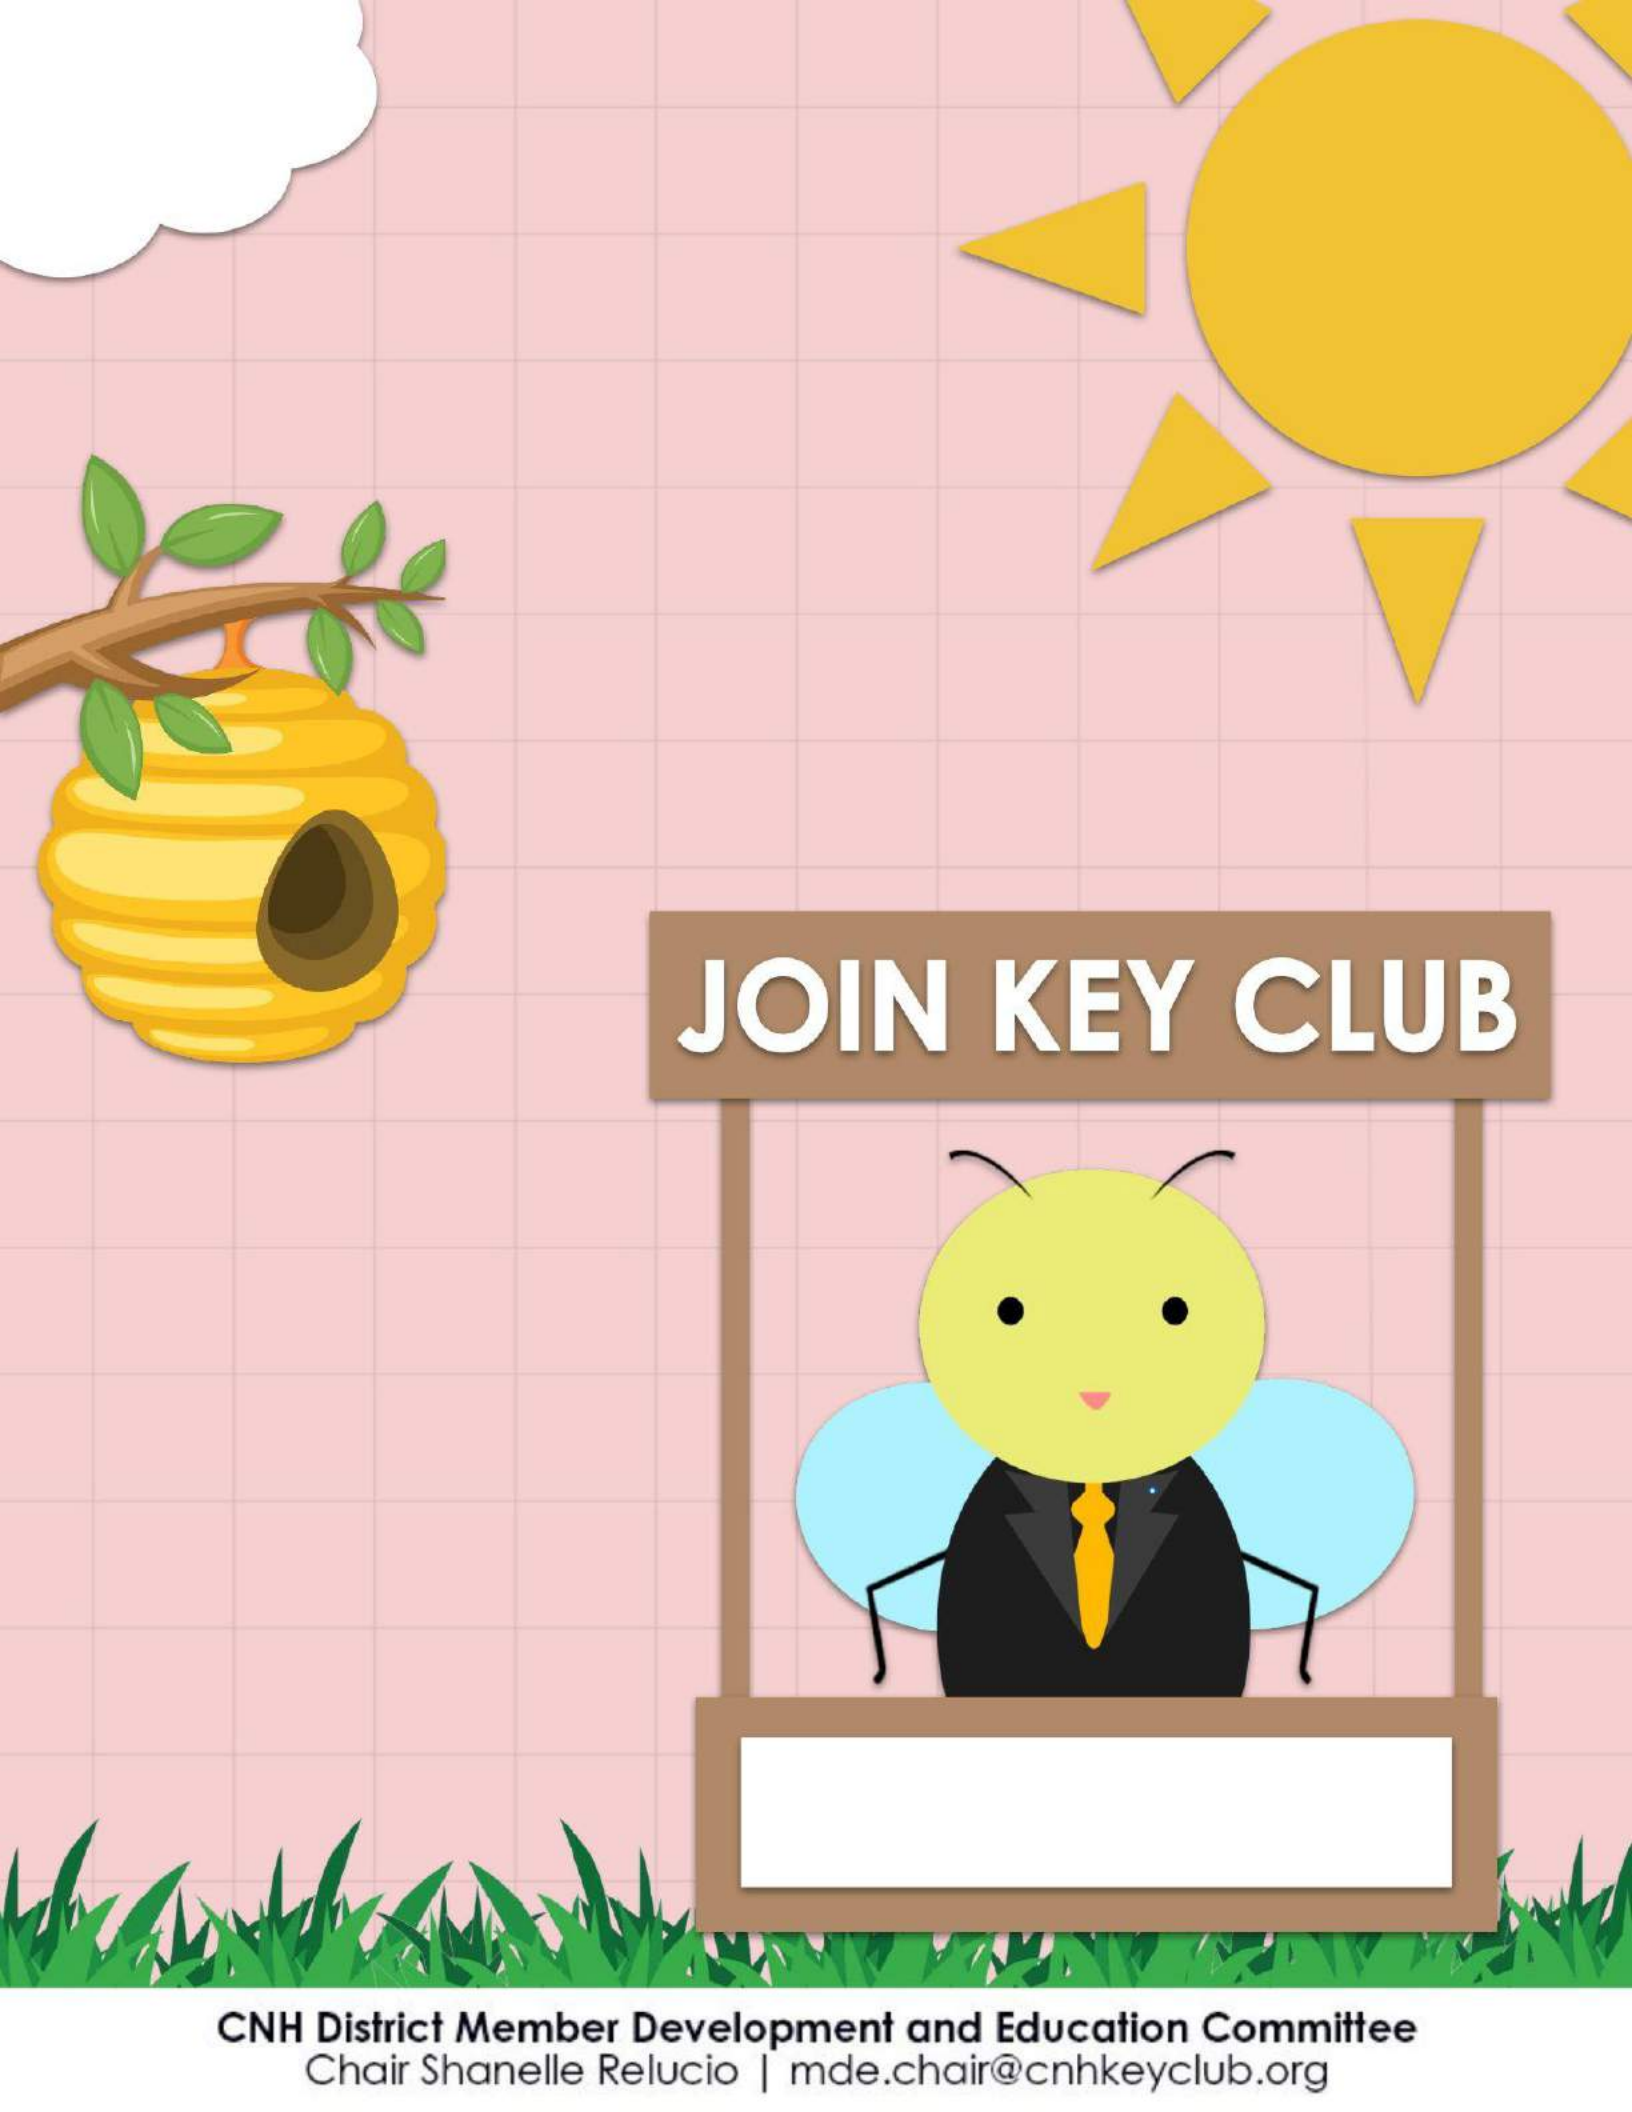

**Erika's Lighthouse** is dedicated to educating and raising awareness about adolescent depression, encouraging good mental health and breaking down the stigma around mental health. They educate children, educators, and adults to ensure that no child feels alone in their depression. Starting the next term, Erika's Lighthouse will officially be a preferred charity!

## *what's buzzin' bees!*

My name is Noah Steinmetz, and I serve as the STP Chair this term. However, not long ago, I was a budding freshman navigating my way through club rush. I initially joined Key Club because a) its members were by far the most energetic at club rush, b) because I thought it would help with those pesky college apps, and c) because Fall Rally looked like an absolute party. While all of these things were indeed true, none of them alone are why I stayed in Key Club. For me, Key Club has been so much more than just a service club or a place to meet friends, but it has been a place for me to develop as a person. What you might not see in all of our incredible promotional material is how much you will grow as a person, from necessary leadership skills to even more intrinsic social-emotional learning skills. I can promise you that when you leave Key Club you will leave a different, happier, and well-equipped human for the real world. The hundreds of hours, resume-building experiences, and professionalism skills will only be the *od'oeuvres* to the complete character development you will experience in Key Club.

**A CHANGED BEE,**  
Noah Steinmetz

Initially, as funny as it sounds, I thought Key Club was actually making keys. The only reason I actually found out what it was, was because a group of seniors in the club, as well as the Kiwanis Advisor for my school told me that they believed I would enjoy the club. Wondering why they thought I'd enjoy making keys, I went to the first meeting and fell in love with the idea of giving back to the community. The family that Key Club built for me is what kept me in the club, as well as the opportunity to help people. I hope to continue into college with Circle K and after with Kiwanis!

- **Taylor Bennett**, D18E Lt. Governor

At first glance, Key Club already looked like a fun and enticing organization that I saw students rushing to sign-up, and I was one of them. The spirit of the club, the service to the community, and the leadership opportunities drew me into Key Club as I began attending events. Eventually, I started taking the leap to be more involved by doing more service, attending division & region, and to this day, run for LTG! The unity of members and inclusiveness of the organization grew my passion for Key Club! I have not regretted any decision I made in Key Club because the CNH Ohana has always showed immense support for its members. If you're ever thinking about immersing yourself more into key club, this is YOUR SIGN! You will not regret and this is truly an experience of a lifetime!

- **April Lonh**, D15S Lt. Governor

# Slice of PIE: SUMMER LEADERSHIP CONFERENCE

## What is Summer Leadership Conference?

Summer Leadership Conference is an event where Key Clubbers from around the world come together to celebrate service, achievements, and each other! This year's conference was the first ever Key Club International hybrid event where many were able to attend in person at Walt Disney World Resort, Florida or virtually in the comfort of their own homes. In addition to celebrating, attendees were able to learn through different workshops and keynote speakers. Overall, Key Club International SLC gave Key Clubbers the opportunity to connect with one another who have the same passion for service and leadership!

# Slice of PIE: Summer leadership 2021

## **Joshua Perez, D12W Lieutenant Governor**

Overall SLC was a very enriching experience. The combination of workshops, guest speakers, and the realization of how widespread key club really is elevate the experience. All the candidates, as I watched their caucuses, had their own reasons and goals to improve the world. This community of people helps reaffirm my own goals to serve my community and carry the key club motto of caring, our way of life.

## **April Lonh D15s Lieutenant Governor**

SLC was an amazing experience and I loved every aspect of it! From the spectacular keynote speakers, engaging workshops, and above all, connecting on the International level, it was super enlightening seeing how I can interact with the International board and Key Clubbers across the globe! What I enjoyed the most was the keynote speaker from the founder of "because I said I would". His inspiring story motivated me to appreciate the little things and be true to yourself. To be honest, I may have shed some tears here and there but it was all worth it from the experience! Overall, I would say SLC was truly impactful on my journey as a leader and I am looking forward to more fun events from the International Board!

## **Irma Zacarias D37E Lieutenant Governor**

Summer leadership conference (SLC) was a very educational & bittersweet experience a lot. It was exciting to hear from all speakers. However, I will have to say my favorite talked about & the impact his non-profit has made was very touching & memorable. friend, family member, or anyone you want! I myself wrote one down! Overall, my favorite board. It was a very bittersweet board. It was a very bittersweet as it may have meant Their key club journey and was the last time they would be called "key clubbers." SLC

# Leadership Conference Recap

## ***Katrina Liang, D35W Lieutenant Governor***

I had a lot of fun at SLC; listening to all the candidates for International Council was really interesting. The workshops I attended were all very diverse. I especially enjoyed Erika Lighthouse's workshop because we were introduced to the new preferred charity!

## ***Snow Ma, D28S Lieutenant Governor***

My experience at SLC this year was amazing! As my second ever SLC, I had a lot of fun meeting other people on the international level. Although I was unable to attend in person, I still feel as though the virtual experience I had was just as fulfilling as last years. I was able to learn a lot more about Key Club and the other organizations that we work with, especially our new preferred charity, Erika's Lighthouse. I was also super excited because one of my friends, who was my division's IP news editor, was running for position. It was really exhilarating to finally find out the results on the last day of SLC. Overall, I highly enjoyed my experience at this year's SLC and I look forward to attending more and more international events wherever they may be offered!

## ***enant Governor***

el From the various workshops to the caucusing, it was all very informative & I learned guest speaker was Alex Sheen the Founder of "because I said I would." Everything he I love the cards that he has available, in which you can make a promise to yourself, a rite part was seeing the past INTL' board retire and the installation of the new INTL the start of a new Key Club journey for some. However, for the others, it concluded was a very memorable experience, and I would definitely recommend attending!

# GOODBYE FROM INTERNATIONAL TRUSTEE

For the last time as your trustee, hello CNH! It has been an absolute pleasure serving you and getting to know so many wonderful people along the way. Your unparalleled dedication to service and spirit continues to inspire me and countless leaders around the world. I wouldn't ask for anything else for my last year in Key Club. Watching you all grow and lead your communities to make a positive impact in arguably one of the most difficult times is something I will never forget. When I look back on this term, I remember all of the memories I made serving with the Invincibees, going to meetings and DCMs, and making changes throughout all of Key Club International. MissFloCal will go down in Key Club history as one of the greats. As we approach SLC, I could not be more grateful for this opportunity and all of the friends I met this year. Thank you for everything CNH. ♥

**Always yours in service,  
Emma Chang**

# THANK YOU!

## FUN FACTS

1. I love to bullet journal and collect stationery.
2. I'm a dog person.
3. I love KR&B.
4. I am the shortest International Board member!
5. I had my Key Club moment at Fall Rally South 2019.

# CHILDREN'S EDUCATION

## background

The spotlight on service for the month of August is Children's Education. During August, we should focus on increasing access to quality education to better the futures of kids around the world. As a district, let's provide children with the education they deserve!

## service project ideas

- Record yourself reading children's stories
- Hold a school supplies drive
- Create fun and informative activity books to donate to local schools and libraries
- Host a training conference day with local schools to inspire future leaders

Make sure to check out the August Spotlight on Service Program Guide for more information, and don't forget to submit your club's SOS for a chance to be featured in the the district newsletter!

## health and safety workshop

Gregori | R12 | D46N

"For the Health and Safety Workshop, our officer board was responsible for researching different areas of health, safety, and our preferred charities, and held a short presentation to our members. The subtopics that were discussed included: mental health, emotional health, physical health, COVID-19 safety, Internet safety, physical safety, March of Dimes, UNICEF, PTP, and Children's Miracle Network. Each officer was assigned a specific subtopic and collaborated on a shared Google Slides presentation to input their own research. In order to meet all of the project deadlines and also promote our event on time, an officer task email was sent out ahead of time with clear instructions. After dedicating at most 30 minutes of time to present our workshop, we had the members participate in a service project in which they demonstrated and shared their own knowledge obtained from the workshop through an educational infographic(s). These infographics were later collected via Google Forms and shared with our club. Overall, this project gave our club an opportunity to work together and educate ourselves about the importance of healthful living. On the day of the event, our project ran very smoothly and we ended the presentation just in time for our members to work on the service project."

# lake merritt clean up

El Cerrito | R9 | D2N

"El Cerrito was invited by Albany to join their Lake Merritt Park Clean Up. Albany and El Cerrito's presidents, Alyssa Cheung and Nathan Shum worked together to reach out to other clubs in Division 2 North to see if they'd also like to participate in the interclub. This was our first in-person interclub of the term after a whole year of virtual interclubs; this also happened to be the biggest interclub we've had. With seven of the clubs in Division 2 North attending this clean-up, it was a great way to see and do community service together outside of our usual online events. This event was also hosted with our Albany-El Cerrito Kiwanis Club as their Kiwanis One Day Celebrations, which was another way we were able to catch up and bond with our Kiwanis family."

# care package making

Kalani | R18 | D22H

Key Club members packaged toiletries to donate to people at the Next Step Shelter in Kakaako. Along with packaging supplies (soap, shampoo, tissues, etc.), we made making cards to put in the bags we gave to them. Because this project was indoors, we ensured that masks and sanitary items were used, and assigned a permission form to ensure maximum safety. Only 10 members were allowed to participate to ensure social distancing. During the event, club officer Sara Kang led the event, taking attendance and overseeing the members. The event took place in our Key Club Advisor Lyndsay Takayesu's classroom at Kalani High School so that members could easily find a place to create the care packages.

# SERVETEMBER

## what is it?

**SERVetember** is an ongoing, month-long initiative during the month of September. It promotes and encourages service and the recognition of members in the Cal-Nev-Ha District. The initiative is emphasizing Key Club's aspect of being a service organization, allowing members to focus on this purpose throughout the month of September.

## submission process

Clubs who complete the **SERVetember** bucket list can receive recognition! Fill out the Google Form and follow all instructions. Important reminder: take pictures and have descriptions ready in order to fully complete the form!

**Submission Form:** <https://tinyurl.com/servetember2021>

# BUCKET LIST

- ❑ **Attend or host a service event with another branch of the Kiwanis Family:** Attend/host any service project or event, and interact with another Kiwanis branch!
- ❑ **Host a service project/event with another school in the division:** From card making to creating resources out of recyclables, there are many service projects you and another club can do together! This is a great opportunity to serve and make new friends!
- ❑ **Host a service project with 20% of the club's members in attendance:** Strengthen bonds within your home club by inviting new and returning members to serve together!
- ❑ **Host a "Promoting a Healthier Lifestyle" service or educational event:** Hold a service project or event to take part in CNH's new Governor's Project, "Promoting a Healthier Lifestyle" !
- ❑ **Raise \$1 for PTP for every member in your club:** Increase funds raised for PTP by setting a goal: \$1 for every member in your club. While this is a fun way to set goals, the ultimate goal is to raise money for the Pediatric Trauma Program!
- ❑ **Submit to the Spotlight on Service Program for September:** Host a service project/event that matches the theme for the month of September, "Pediatric Trauma Program" and submit a description and photograph of your event to the SOSP google form.
- ❑ **Ask a member, officer, or advisor what "service" means to them:** submit a 15–30-second video clip with their response

## August: Communication

As school's across CNH are beginning to enter their fall semesters, August is the perfect month to reflect/improve on club and division communication. No matter what your position is in the club, effective communication is crucial to building and growing a better CNH.

## Officers

As an officer the first line of communication you should create, if not already existing, is with you IP. All LTGs, DLT members, and club officers can gain important information regarding their positions. IPs provide first hand experience and information, as every division and club is different, so IPs can usually provide information beyond district guides. From here all officers should form lines of communication with those that hold the same position throughout the division (or your co-officers when it comes to DLT). Finally reach out to your LTGs, or district leadership team members for additional information. This enables you all to take information from the past and present to formulate your best plan of action for your position. No matter what your position is, you should always be thinking about growth. Keep in mind all of these steps require you to take the initiative, as the best officers in Key Club are those that communicate with others to then create their own initiatives to promote growth in their clubs and divisions.

# on growth

## *Effective Communication*

Some of the many platforms that can be used for communication include Facebook Messenger, Instagram Direct Messages, Email, Google Reflector Groups, IMessage, Remind, Google Classroom, and many more. It does not necessarily matter what platforms you use but more so how you use them. Find what works best for your club/division and what works best for the intended audience of the line of communication. For example, if communicating with an individual in a club it might be best to use a more personal platform like Facebook Messenger or IMessage depending on preferences. A crucial part of communication is ensuring that it is interactive as opposed to passive. Communication = conversation. This means always give those you are communicating with an opportunity to respond. Whether that be requiring email responses or utilizing social media, communication is only effective when it becomes a conversation. Also ensure that you employ targeted communication if you are an officer, as you might identify clubs/individuals that require more/less or different types of communication.

## *Members*

When you receive a message from your Key Club peers, RESPOND. Communication is a two way street, and those on the receiving end play an important role in taking the initiative to start a conversation. Those who are reaching out to you are welcome to if not hoping for questions and responses so do not be shy!

## chartering/reactivation

The Strategic Planning committee is proud to present the chartering or reactivating clubs manual to the entirety of CNH. In this you will find a complete flowchart that will show you all the steps needed to charter or reactivate a club. Because of the complexity of this process we have tried our best to simplify the process with a chart that shows over 20 different starting points to chartering. From there the chartering guide walks you through the next steps required to get a club to an active status.

Once a club is chartered the chartering guide also provides basic information on running and maintaining clubs. This way the manual will not only walk you through the steps of chartering a club, but will also successfully equip you with the most important information to build the new club into an integral part of CNH. While the chartering guide should serve as a complete guide, be sure to reach out to the STP chair, district governor, and your respective LTG if you need additional help at any stage in the process.

The Children's Discovery Forest is a garden of native Hawaiian plants. Key club members went to the Honolulu Zoo and helped weed and garden the children's discovery forest. Kalani Key Club had been supporting this project from the past years and it had been a popular service project among the key club members. Due to the COVID-19 outbreak, we were not able to hold this project last year; yet, as the number of COVID-19 cases are decreasing and returning to our "normal" lifestyle, we were able to bring back this service project this year. The members worked together and helped weed and garden the forest, as they learned about native Hawaiian plants, such as sweet potatoes, sugar canes, noni, and bananas.

The food care packages event was very fun! During the event, the volunteers lined up in an assembly line to put different grocery foods into a box. At the end, we all worked together to fold boxes to replace the ones we used to pack. My favorite part was the end when the event organizers let us take home groceries and fruits, I got to take home some sweet peaches and bread, but I also saw other people taking home things like onions and plum.

## MONTE VISTA BICYCLE RODEO

**LANDS,**

We participated in a bicycle rodeo to teach the kids of the day camp at the Lemon Grove Recreation center about bicycle safety. A group of kids each occupied a station with either two key club members or a key club member and a kiwanian. At each station kids were able to loop through a series of cones with some learning how to ride a bike for the first time. Each kid had their helmet fitted to them for maximum safety, and if they did not have one, the Spring Valley Kiwanis kindly donated a brand new helmet for them. We all had so much fun and plan to host our own bicycle rodeo at an elementary school. In the future we plan to utilize a flatter blacktop instead of a bumpy parking lot. The bumps caused some kids, especially those using scooters, to fall and get scraped up. This also can be prevented by also providing elbow and knee pads. We also plan to have longer courses that teach real world bicycle safety on the road such as a station dedicated to teaching hand signals to alert nearby drivers as well as stop signs to ensure they are able to recognize and safely stop at them.
